STUDENT LEARNING OUTCOMES

The student learning outcomes for the course are:

1. Identify the following elements or dimensions: origin, doctrines, ethics, sacred literature, important figures/founders, rituals, worship, and institutions for each of the world's major religious traditions.
2. Identify the similarities and differences between two or more religions on the basis of the aforementioned dimensions.

3. Examine the relationship between religion and culture/society.
4. Question and think critically.

COURSE TASKS

The course will be centered on the following tasks, which serve as both learning and assessment tools.

- 📖 Take three (3) exams. Exams will be based on material covered in class and the course readings.
 - Exam 1 covers Hinduism, Jainism, Buddhism, and Sikhism. Exam 1 rewards collaborative learning since you will be allowed to work in groups while taking this exam.
 - Exam 2 covers Taoism, Confucianism, Chinese Buddhism, Shinto, and Japanese Buddhism. Exam 2 rewards resourcefulness since you will be allowed a note card while taking this exam.
 - Exam 3 covers Zoroastrianism, Judaism, Christianity, and Islam. Exam 3 rewards memorization since you will **not** have the help of your peers or a note card on this exam.
 - To do your best on each of the exams, it helps to cultivate good listening, studying, and note-taking skills.
- 📄 Complete two (2) paper assignments. You will be provided with a writing guideline and a list of specific questions to address within your paper. Papers must be typed and a minimum of two **full** pages double-spaced.
 - The first paper requires you to research a story in the news that centers on religion.
 - The second paper is an argumentative paper. You will be asked to provide evidence for your views on one of three possible topics.
- 📁 Complete a variety of in-class activities including think logs, card swaps, webbing, sentence stems, flashcard 'quiz,' movers and shakers, pair square, popcorn reading, role cards, role play, round table, silent Socratic dialogue, toss a 'test,' crossword puzzles, word searches, art symbolism identification, game shows, etc.
 - These assignments enhance your analysis, synthesis, and critical thinking skills. They also enable you to reflect on themes in class and comprehend the topics in a more sophisticated manner.
 - Groups will typically consist of 3-4 members, and will usually be randomly assigned. The instructor acknowledges that not all students feel comfortable performing in front of the class. You will not have to participate in all of the activities. For example, role-playing and popcorn reading calls on volunteers and is not a requirement in order to pass the class.
 - For some of these in-class activities you will receive detailed feedback. For other assignments you may only receive a check mark indicating full credit.
 - Since group assignments require being present for class, you will **not** be able to make-up these assignments, regardless of reason, if class is missed. On the other hand, if you have a coupon, you will be allowed to make-up think logs. It is also your responsibility to see me to get any make-up assignments.
 - Some of these assignments will be collected **randomly**. Keep all assignments in your pocket folder and bring it to every class.

ADDITIONAL INFORMATION

Make-up Policy:

Students are expected to attend all classes, arrive on time, and remain for the entire class period. Students who miss class are responsible for material covered in their absence. Consult with peers or the instructor to make up missed work. Make-up assignments are only allowed if you use a NQA coupon. Students are provided with **two ‘No Questions Asked’ coupons** that enable them to turn in a written assignment or make up an exam **up to two weeks past the due date**. Without the NQA coupon, late work will not be accepted. Coupons may not be shared or replicated.

Academic Honesty:

Students are expected to act with personal integrity, to respect other students’ opinions and property, and to help create an academic environment in which discussion is encouraged. Students are expected not to engage or tolerate acts of plagiarism, cheating, copying, fabrication of citations, or other acts of academic dishonesty. Students charged with academic dishonesty face serious consequences that range from an F grade for the assignment to a Fail grade for the course.

Extra Credit:

Extra credit can be earned by writing a two-page double spaced reaction paper to a class lecture, discussion, reading, or video or by attending a religious event. Religious events occurring on the island are posted on the website under ‘special announcements.’ Students may write up to **five extra credit papers**. All extra credit must be received by December 10, 2008.

Cell Phones:

Kindly do not answer phone calls, text message, or play games on your cell phone during class. The instructor urges you to turn off your cell phone during class. The instructor reserves the right to deduct in class participation points from a student's grade if cell phones are in use.

Disabilities Accommodation:

If you have a physical, sensory, health, cognitive, or mental health disability that could limit your ability to fully participate in this class, you are encouraged to contact the Disability Specialist Counselor to discuss reasonable accommodations that will help you succeed in this class. Ann Lemke can be reached at 235-7448, lemke@hawaii.edu, or you may stop by Hale Akoakoa 213 for more information.

RECOMMENDATIONS THAT WILL HELP YOU IN THIS CLASS

1. Keep up with the readings! The readings help reinforce the material. By doing the readings before class, you will feel better prepared, will easily follow along with the notes, and overall will have a more enriching educational experience. In addition, by keeping up with the readings, you will be well prepared for the exams and papers.
2. Mark up your textbook. Highlight key points and ideas. Whenever you are confused or have a question, write a 'Q' next to the sentence in the textbook. (Or if you would like to return your textbook at the end of the semester, keep a separate journal of notes from your readings.)
3. Always take notes in class. Copy down everything that the instructor has on the PowerPoint slides, KeyNote slides, and the board. Very few of us have a photographic memory ;)
4. Ask questions if you don't understand. Tell me to slow down if I am going too fast. Let me know if you're having any problems. I am here to help you ☺ Let me know how I can make this the best educational experience for you!
