WCC FORM FOR COURSE MODIFICATIONS

Course MATH 24 - Elem. Algebra Submitted by Clayton K. Akatsuka Date 2-11-97

1. What change is proposed in the course? Provide specific information comparing both the "new" and "old" course.

The current Math 24 posts MATH 1 as the prerequisite course. Since Math 1 is no longer offered and MATH 22 - Pre-Algebra is now being offered, we are requesting that the prerequisite course be listed as MATH 22.

2. What is the rationale for the change? Students who do not place into the MATH 24 course via the placement test and take the MATH 22 course (and earn a "C" grade or better) will have the necessary skills to be successful in the MATH 24 course.

3. Is the change substantive enough to require a change in course identification? If so, explain thoroughly. No.

4. Is the course articulated with any 4-year program? No.
   If yes, give details of the agreement(s) and explain any impact the proposed modifications may have on articulation.

5. Provide details of any additional staff, equipment, facilities, library/media material, faculty preparation and other financial considerations that would be required to implement this course modification. What has been done to provide for these additional costs? Who will teach the course? Is additional preparation needed?
   No changes.

6. Will this course modification result in any alterations in the number of hours required to attain a certificate or degree? No.
   If yes, provide details and justification for these alterations.

7. If the course is renumbered to 100 or above, does it meet the criteria for transfer level courses? (See attached criteria for transfer courses.)
