University of Hawaii Community Colleges
Proposal to Initiate, Modify or Delete a Course

1. Type of Action
   - A. Addition
   - B. Deletion
   - C. Modification: [ ] in credits [ ] in number or alpha
     [ ] in title [ ] in number or alpha
     [ ] in prerequisites or co-requisites [ ] Other

2. New Alpha, Number and Title
3. Credits *
4. Old Alpha, Number and Title
5. Credits 3 credits
6. New Catalog Description
7. Select box and type specific information in text box.
   - Prerequisites
   - Corequisites or
   - Recommended Preparation
   - Prerequisites: "C" or better in ZOOL 141 and ZOOL 142 or equivalents.
   - Recommended Preparation: "Chemistry"
8. Student Contact Hours Per Week
   - Lecture 3
   - Lecture/Lab
   - Lab
   - Other (click to specify)
9. Proposed Date of First Offering
   - Semester Spring
   - Year 2008
10. This course [ ] is proposed for the * Program. [x] can fulfill AA Elective If Other, specify
11. This course Makes No Difference in the number of credits required for the program/core.
12. Equivalent or similar courses offered in the UH System:

CCC M #6100 (Amended for WCC use October 2002)
Course PHRM 203
Submitted by Leticia U. Colmenares
Date September 11, 2007

1. What change is proposed in the course? Provide specific information comparing both the "new" and "old" course.

Old prerequisites: "C" or better in ZOOL 141, ZOOL 142, Chem 152 or equivalents.
New prerequisites: "C" or better in ZOOL 141 and ZOOL 142 or equivalents.
New recommended preparation: Chemistry

2. What is the rationale for the change?

PHRM 203 is required for UH system programs, such as Associate Degree in Nursing ADN (Hawaii CC) and Radiologic Tech (KapCC), that have no chemistry requirement.

3. Is the change substantive enough to require a change in course identification? If so, explain thoroughly.

No. Original course content of PHRM 203 will be retained.

4. Is the course articulated with any 4-year program? Yes

If yes, give details of the agreement(s) and explain any impact the proposed modifications may have on articulation.

WCC students transferring to UHM may apply the PHRM 203 course as a pre-admission requirement to the RN-BS program during the period Fall 2006 to Summer 2011. The modification does not have any impact inasmuch as UHM PHRM 203 also has no chemistry prerequisite.

5. Provide details of any additional staff, equipment, facilities, library/media material, faculty preparation and other financial considerations that would be required to implement this course modification. What has been done to provide for these additional costs? Who will teach the course? Is additional preparation needed?

This does not entail additional cost. The same instructor (Dr. Cynthia Rajani) will teach the course.

6. Will this course modification result in any alterations in the number of hours required to attain a certificate or degree? No

If yes, provide details and justification for these alterations.

7. If the course is renumbered to 100 or above, does it meet the criteria for transfer level courses? (Go to next page for transfer course criteria.) Yes
