Agenda:
1. Amphitheater
2. Pālanakila Court Yard
3. Jamie Boyd’s Garden Signage
4. Update on Projects on Campus
5. Banners at the Hub Coffee shop
6. Update on Railing Design

Meeting started at 12:10pm.

1. The Amphitheater was approved by MaPSAC. The Aesthetics Committee already approved the amphitheater. The Planning and Budget Committee is looking into funding.

2. Toni Martin has an idea of a Rain Garden Exhibition using the Pālanakila Court Yard Garden, which is virtually unused. Toni wants to ask local sculptor and master gardener Leland Miyano to design a double exhibit: in the gallery inside and the garden in the courtyard outside. Maintenance of the garden was questioned. Lillian Cunningham made a motion to support the idea of creating a permanent Rain Garden in the Court Yard area. Kaʻala Carmack seconded the motion. Motion passed unanimously.

3. Jamie Boyd requested approval of a sign stating that her area is from the college. This garden is down at the lower part of the campus by the Windward Health Center. Motion was made by Toni Martin to approve putting up a sign at the Garden similar in appearance to that of the sign at the Bioprocessing Medicinal Garden Complex. Bonnie Beatson seconded the motion. Motion passed unanimously.

4. Update on building projects was discussed. Noʻeau and the old Laʻakea buildings had a window problem, which has been resolved. The addition to Hale Aʻo is on schedule. Naʻauao building has door issues that are being worked out between the State Historic Preservation Division and the Americans with Disabilities Act (ADA) agency.
5. The Hub Coffee Shop at La’a kea wants to display banners or signs on campus to let people know about the Hub during events. This request was tabled until the next meeting. Bonnie Beatson is going to get more information about the content of the banners or signs and where they would be displayed. There was discussion about the need to develop a policy of banners for the campus.

6. The railing design was discussed. Toni Martin feels none of her art students would be able to execute the design. Bonnie Beatson volunteered to create the design and put it on the railing.

Old Business:

1. The Agriculture Program has a temporary fence around its facility and a more permanent one will be put up in the near future that would require approved by MaPSAC.
2. Paul will check with Sherry Ching, Campus Maintenance Officer, about the graffiti on campus and its removal.
3. Tom Holowach showed a photo of the garbage in the trash disposal area of La’a kea that was clearly visible from the entrance to Palikū Theatre at the time of a recent performance. The gate to the trash area needs to be kept closed and other methods of screening of the exposed trash should be explored.
4. Fearing lack of business, local banks will not install an ATM near the Hub.

Meeting adjourned at 1:15 pm
