- Beautification Day
- Hospital Mental Patients
- Palanakila Court Yard
- Rain Garden
- Campus Needs
- Reminder Status List

- April Minutes: Floyd McCoy made a motion to accept the Minutes. Second by Bonnie Beatson. Motion passed unanimously.
- Election of Aesthetics Chair. It was moved by Carol Cunha to elect Paul Nash to another term as Aesthetics Chair. Seconded by Bonnie Beatson. Motion passed unanimously.
- Highway College Sign: It was mentioned that the highway college sign is in need of replacement. Nash will call the D.O.T. to request an updated sign.
- Trees: Kevin Ishida, Vice Chancellor for Administrative Services is working out a contract with tree specialist Kevin Eckert to have a survey done of all trees on campus and their health.
- Beautification Day: Kevin Ishida is looking into any union issue pertaining to a community clean up day at our campus.
- Hospital Mental Patients: We are expressing grave concern about the educational environment for our students with hospital mental patients walking through and hanging out on our campus and the safety of our students.
• Palanakila Courtyard: Kevin Ishida, Vice Chancellor for Administrative Services, has told the Chair of the Aesthetics Committee that the courtyard has become a liability for the college because it is not safe to walk on. The administration feels that the courtyard must be put back as a visual area and not be used as a sitting area for functions.

• Rain Garden: Floyd McCoy has submitted another Rain Garden project for the campus. This one will be near Palanakila Building and its parking lot. Lillian Cunningham made a motion to support the project. Seconded by Bonnie Beatson. Motion passed unanimously.

• Campus Needs: The committee feels that an A.T.M. money machine should be put on campus. The committee suggests that the library would be an excellent location. Paul will talk to Doug about the request.

• Reminder Status List: The committee wants a reminder list of previously discussed projects we need to monitor to improve the beauty of the campus. List started below:

1. Amphitheater by Imaginarum needs to be created.
2. Protection of all Trees and replacement of trees.
3. Back fence to the campus to separate us from the state mental hospital and protect the students.
4. Need to mask the transformers by the Vet Tech Facilities.
5. Courtyard to Palanakila Building to be put back as it was for safety reasons.
6. Arbor needs to be taken down by Akoakoa Building
7. Railings in front of Mana’opono Building are rusting at the base and need to be replaced.
8. Smoking policies on campus need to be re-evaluated for the students who need to have a cigarette. Smoking policy is too restrictive.
9. Proper Way Finding Signage for students on campus grounds to direct them to the building they are looking for.
10. All Railings need to be painted Manoa Forest Green
11. Need for additional maintenance workers for the campus

Meeting ended at 10:50 am.
