Curriculum Committee Minutes
January 28, 2014

1. Approval of Minutes

The minutes were circulated via email before the holiday break on 11/30/13.

2. ICS 101 Digital Tools for the Information World
Modification of Course Description

Discussion: Vanessa clarified that the SLOs were agreed upon at the PCC meeting and all of the community colleges have the same SLOs.

Ross moved to approve, and Paul seconded. Motion carried unanimously: 6-0.

3. Certificate of Competence: Plant-Food Production and Technology
Modification: Adding class selections to the certificate

Inge is requesting to add additional class selections to the original classes listed for the CO because AG 149 is infrequently offered and the other classes are offered only in alternate semesters. This modification will support students to finish in a timely manner.

Paul moved to approve, and Lance seconded. Motion carried unanimously: 6-0.

4. IS 103 Introduction to College
Modification: Change sponsoring department from Social Sciences to Student Affairs

Paul moved to approve, and Vanessa seconded. Motion carried unanimously: 8-0.
(Note: Ryan and Elizabeth joined the meeting after the vote was taken for #1-3)

Patti volunteered to contact administration to determine the path for signatures for a course that is sponsored by Student Affairs.

Kathleen volunteered to complete the form in the internal database for Kevin, to allow for the “paper trail.”

5. EE 211 Basic Circuit Analysis I
New Course

Minor modifications were made to the proposal:

- #9 Change to: Credit for or registration in MATH 231 and credit for or registration in PHYS 272, or consent of instructor.
• #29 Diversification requirements fulfilled by the course: This course satisfies the DP/DY for the AA, ASNS (Biological), and ASNS (Physical).

Paul moved to approve, and Patti seconded. Motion carried unanimously: 8-0.

Patti requested that the course be offered after the course-to-course articulation has been completed. If there is a memo from Manoa reflecting that WCC’s course is an equivalent to their EE 211, it should smooth the path for the articulation. Ross will contact Joe.

The meeting adjourned at 2:09 pm.

Respectfully submitted by Patti Chong
