2. Complete Math and English Placement Testing
COMPASS placement testing is required to determine your eligibility for math, English, and other courses with a math or English prerequisite. The Testing Center is on a walk-in basis. Please allow approximately 2½ hours to complete the test. A picture I.D. and UH I.D. number (can be found on your letter of acceptance) are required.
A placement test is not necessary if you have completed college-level math/English courses, however, you must present proof of course eligibility (copies of transcript or report card) to the counselor.

3. Set-up a MyUH Account
Log on to myuh.hawaii.edu to create your MyUH account. MyUH is where you can register, add/drop classes, make tuition/fee payment, and view grades.
Your username@hawaii.edu email is the official form of UH communication.

4. Attend Orientation
All NEW college students are required to attend orientation.
Get detailed information about registration, campus resources, and college survival tips at WCC by attending one of these sessions:

5. Register for Classes
If your acceptance letter says "an alternate pin has been assigned," you are required to see a counselor before you can register for classes.
- Call 235-7413 or come in to Hale 'Ākoakoa 212 to make an appointment with a counselor. Make sure that Step 1 through Step 4 are done first. The Counselor will assist you with academic advising, class scheduling, and course registration.

- Read the College Catalog and Schedule of Classes for important school policies, procedures, and deadlines.

6. Pay Tuition
It is your responsibility to be sure that your tuition/fee is paid in full. An outstanding balance may lead to a financial debt, be referred to a collection agency, and you’ll be denied UH services. If you decide not to attend, you must drop your class(es) by the deadline to avoid financial charges and unnecessary grades.
