Program Summary

The Plan of Action from the previous year's four year review (2005-6) was to:

1. Evaluate the curriculum and establish a strategy for achieving program goals based upon suggested revisions to the curriculum. Expected completion: March 31, 2007. The following information will be used in the process: a) Program Map (completed); b) Alignment of required course and elective with program SLOs. Expected completion: December 31, 2006. c) Program Outline Guide, Expected completion: December 31, 2006.

2. Offer newly created classes. AQUA 201/201L (Fall 2007), MUS 177 (Fall 2007), ZOOL 105 (Fall 2008).

3. Offer a capstone course (1 cr.) to be required of all ASC – Hawaiian Studies recipients, as I.S. 299 (Fall 2007).

4. Continue to revise the ASC Program Map on an annual basis as courses and requirements are revised/and or implemented.

The following items were accomplished in achieving the Plan of Action (2005-6):

1. All of the program goals outlined above were achieved with the exception of the newly-created courses which are slated for AY 2008-9.

2. The proposed capstone course (1 cr.) to have been required of all ASC-Hawaiian Studies recipients has been rescinded to align with all other WCC ASC programs, none of which requires a capstone course.

The Plan of Action for the next year (2007-8) is to:

1. Continue to evaluate the curriculum and the achievement of program goals based upon suggested revisions to the curriculum.

2. Offer newly-created classes. ANTH 175/175L (Spring 2008), AQUA 201/201L (Fall 2008), MUS 177 (Summer 2008), ZOOL 105 (Fall 2008).

3. Continue to revise the ASC Program Map on an annual basis as courses and requirements are revised and/or implemented.

4. Continue to market the program by developing and distributing promotional materials.

5. Continue to motivate interested students to formally register as participants in the program.

Budget Implications

The above plan of Action for 2007-8 has the following budget implications:

1. Other than the costs associated with marketing and conducting reviews of this program, no resources from the College are being solicited.
