Learning in the 21st Century

Join us at Windward Community College on Saturday, September 29, for the fall conference. Participants will have the opportunity to tour the new Library Commons.

WCC Librarian Tara Severns will present a session on Advanced Google Searches. She will be followed by Jason Ignacio, Cengage representative, who will speak on “Changes in the Textbook Publishing Industry.”

Keynote speaker Jeff Judd of Leeward Community College will present a brief overview of the Center for Research on Education, Diversity, and Excellence (CREDE) Standards for Effective Pedagogy and the strategies for student-centered instruction. His presentation will include participation in a CREDE activity, which promote learning and engagement among culturally and linguistically diverse students.
