COURSE TASKS

1. Learn and Demonstrate the Basic Aspects of Piano Technique
   a. Five-Finger Scale Patterns in all major and minor keys. These should be practiced daily in contrary and parallel motion and may be included on in-class quizzes and exams.
   b. Major Scales: one octave, one hand. These should be practiced daily and may be included on in-class quizzes.
   c. Primary Chords in all keys in block and broken patterns. These should be practiced daily and may be included on in-class quizzes.
   d. Harmonization of lead-sheet melodies using the primary chords for certain keys. Harmonization may be included on exams.
   e. Intervals: Learning to recognize the look and feel of each interval in an octave.

2. Apply Piano Techniques to musical compositions
   a. Sight Reading is one of the most important aspects of technique is learning to play a composition on sight with as much accuracy of pitch, rhythm, and phrasing as possible. Sight reading techniques will be emphasized in the teaching methods practiced in each class session. This should be practiced daily at home, as well.
   b. Transposition is playing a composition in a different key than it was originally written in. This technique will be practiced regularly in class and should be a part of your home practice.
   c. Improvisation. You will try your hand at making up short melodies. There is no right or wrong in this activity, and you will not be graded on your responses.
3. **Attendance**

   a. You will receive two points for each class attended. Only one point is given for tardies. You are late (tardy) if you arrive in the classroom more than five minutes after the class starts.

4. **Performance**

   a. **In-class performance.** You will be required to learn and perform several test pieces. Three will be part of your mid-terms and final exam; the other two will be played with and for your fellow students (and, of course, the instructor).

   b. **End-of-semester recital.** All students in WCC’s music classes perform for each other (one composition each). The normal date is the day after the last day of final exams. This semester the recital will be held on May 11, 2007.

   Criteria for performance evaluation are as follows:
   1) Accuracy of notes and rhythm
   2) Observance of dynamic markings
   3) Correct articulation (legato and staccato)
   4) Musical interpretation
   5) Fluidity of performance

5. **Music Theory**

   Class work will include learning to read and write:
   - Pitches on the staff on both clefs
   - Intervals of the octave
   - Major and minor five-pattern groups
   - Major, minor, augmented and diminished chords
   - Chord progressions
   - Rhythmic patterns and time signatures
   - Arpeggios

6. **MusicLab Melody** (Training in rhythmic sight reading--MUS 101)

   You are required to complete Basic modules 1-10 for of MusicLab Melody (MLM) during the semester. You may register for MUS 101 and receive 1 additional hour of credit. MLM is an individualized course designed to develop proficiency in sight reading rhythmic and melodic patterns. You will need to schedule a minimum of three thirty-minute sessions in the Music Lab (Hale Palanakila 109) each week. See MUS 101 course outline for details.

   There will be an orientation session early in the semester during class. You will need to bring your MLM disk (purchased at the bookstore) with you to that session. You may contact the instructor for assistance at any point during the semester when you have problems. The quizzes for each module may be taken at any time, since they are completed on the computer and the scores stored on the server.

- MusicLab Melody Disk
- Pencil

Optional:
- Manuscript (music) paper
- Piano 101 CD (Optional)

Additional Information

Student Responsibilities:
• Attend class regularly.
• Practice at least ONE HOUR outside of class for each class session.
• Participate actively in class discussions and drills.
• Prepare ALL assignments on time.
• Be present for exams. You must notify the instructor AHEAD OF TIME if you are unable to take an exam at the designated time. Call my office (236-9130) or the switchboard (235-7400) to report an absence.

Practice Hints:

• Prepare to play a piece by reading it through with your eyes for note and rhythm patterns.
• Practice SLOWLY and ACCURATELY; learn hands separately.
• Don't allow yourself to make mistakes; they just have to be unlearned.
• Always go back at least one note to correct a mistake; don't play the wrong note, then right note in sequence more than once, because that is the pattern you will learn.
• Don't play pieces straight through each time. Try these alternatives:
  o Practice one measure-plus-one note.
  o Play the piece backwards--start with the last couple of measures, then go back one or two more and play to the end, then a little further back, etc., until you are playing from the beginning to the end.
  o COUNT ALOUD! It works!!!

DISABILITIES ACCOMMODATION STATEMENT

If you have a physical, sensory, health, cognitive, or mental health disability that could limit your ability to fully participate in this class, you are encouraged to contact the Disability Specialist Counselor to discuss reasonable accommodations that will help you succeed in this class. Ann Lemke can be reached at 235-7448, lemke@hawaii.edu, or you may stop by Hale ʻAkoakoa 213 for more information.
1. The recital is in Paliku Theater. You will be able to enter through the lobby doors about 9:30 A.M. The recital BEGINS at 10:30 AM. Come early; this will allow you time to practice and do some relaxation techniques. If that is not possible, at least be on time.

2. Dress as though you were going to a nice place. Shorts, rubber slippers, cut-off tops, hats or caps of any sort and sunglasses may not be worn. Even though bare belly buttons are the current rage, yours will need to be covered for the recital.

   Suggested attire:
   Men  Slacks, aloha or golf shirt, shoes and socks
   Women Nice dress and shoes, skirt and blouse, dress slacks and top

3. Take care of going to the bathroom and drinking water BEFORE 10:30. Once the recital begins, you need to stay in the theater. You may NOT simply play or sing and leave unless you have presented me with a written statement from your boss that you are required to work before 12:30. Staying only until you have performed is very rude to the other performers.

4. Should you arrive late (in spite of all my admonitions), listen to see if someone is performing before rushing into the theater. If you hear music, wait outside until the applause begins and only then enter the room.

6. Remember to bring your food for the potluck. Take dishes to Palanakila 117 (Faculty Conference room).

7. Your singing or playing is a gift to the others in the room. Have a good time!
