Upon successful completion of this course the student will be able to:
1. Identify various horticulture careers on Oahu
2. Understand the position requirements and requirements for advancement
METHOD OF EVALUATION:

Each student will write a one-page review of each operation covered. One paragraph will be a review of the operation and job requirements of the different positions at the company. One paragraph will discuss how you feel about the company and industry sector it represents. Include the reasons for your opinions. This represents 90% of your grade.

As part of the course you must ask questions to find out all you can about the business and industry sector it represents. Your questions represent 10% of your grade; there is a two-question minimum. This is a short course and attendance is mandatory. More than one unexcused absence may result in the student falling the course.
