**COURSE TASKS**

A. **PARTICIPATION: (52%, 520 points of total grade):**

This project should be taken seriously! This activity is to aid the student in developing a comprehensive understanding of developmental theory through meaningful and personal experience, while completing college level literary writing. Your work quality and professional presentation is expected to be at college level performance. To be successful in this segment of the course, students need to start early and work each week to complete required postings.

Each student will be expected to participate in multiple chapter posting activities each week. Activities are designed to complement information in the text. Optimal learning will require preparation through reading and processing, and then sharing the work product or information in online class forums. It is important to **plan ahead** to make certain you complete the work required to be done outside of class forums so you are ready to share with the class at the time the topic is discussed. Because the activities are planned in-class group learning opportunities with weekly deadlines, there are no make-up opportunities for these activities.

Each student is viewed as a Learner/Peer Teacher. Your shared observations, knowledge, skills, questions, and responsive listening are valued and contribute to a positive learning environment. Consequently, it is important that every student submit a post and a reply to each chapter, to contribute to the interactive learning that is an important part of every course. **To receive credit for participation, each student will need to participate, on time.**

a. **“My Life Span Development” POSTINGS**

(10pts X 26chs = 26%, 260 pts of total grade):

For **EACH CHAPTER**: Read the assigned chapter in full. Write a MINIMUM 250 (maximum 500) word post: Your post should demonstrate your understanding of any select term(s), theory(s), or concept(s) of your choice & apply it/them to real life by completing the following criteria:

1) Describe it technically, according to your text;
2) Describe it personally, from the perspective of an experience within your own growth/development;
3) Provide an artifact: A digital, but physical, representation of your experience (ie: a picture, a link to video, a website, a poem, etc.) that can be inserted into (preferred), or attached to, this posting;

b. **Participation Reply POSTINGS**

(10pts X 26chs = 26%, 260 pts of total grade):

For **EACH CHAPTER**: Read the chapter's posts from your classmates and provide constructive, intellectual, and insightful feedback to at least one of the original posts in a MINIMUM 75 (maximum 150) word reply.

For a sample posting and reply, see “General Discussion” in Forums on Laulima.
B. CHAPTER QUIZZES (26%, 260 points of total grade):
Quizzes will be made available at the start of the semester. Each week the student is expected to complete reading of the assigned chapter(s) and then complete the quiz(s) for the assigned chapter(s) before the stated deadline. Each individual chapter quiz will consist of 10 randomly chosen multiple choice and true/false questions. Students may take and retake chapter quizzes as many times as necessary to achieve a desired score; however, as questions are randomly chosen from a large database, the questions on each quiz retake will differ from the previous quiz questions for the same chapter.

Students may complete the reading and quizzes, in order, at a faster pace if they so desire; however, in the interest of proficient grading and to motivate students to ration work efficiently, quizzes and retakes must be completed BEFORE the stated deadline.

Each chapter quiz is worth a possible total of 10 points, x26 chapters, for a total possible 260 points. See attached schedule, online schedule, and individual quizzes for completion deadlines.

C. EXAMS (22%, 220 points of total grade):
Complete one Midterm examination and one (1) Final examination covering assigned readings, class activities, discussions, lectures, videos, handouts, assignments, etc. Each Exam will consist of 55 Multiple Choice and True-False questions. Students may take and retake the Midterm and the Final Exam as many times as necessary to achieve a desired score; however, as questions are randomly chosen from a very large database, the questions on each exam retake will differ from the previous exam questions for the same exam.

Students may complete the exams before the due date if they so desire; however, in the interest of proficient grading and to motivate students to ration work efficiently, exams and retakes must be completed BEFORE the stated deadline.

Do not miss exams. Fairness in testing depends on students having equal preparation opportunities. Consequently, make-up tests will be allowed ONLY in the event of a genuine family or medical EMERGENCY with appropriate documentation. In the event of an emergency, the instructor must be notified IN ADVANCE of the exam, unless absolutely impossible. If the instructor is not notified of the emergency prior to the DEADLINE of the exam, and/or appropriate documentation of proof of emergency is not provided, the student will receive a zero for that exam.

Routine appointments are not emergencies, and should be scheduled outside of time needed to complete course requirements. In case of emergencies, it is the responsibility of the student to contact the instructor before class begins, in order for the student to avoid penalty.

For careers in counseling, social work, education, psychology and human development.

Psycho-Social Development

Academic Subject Certificate

If you like helping people, a career in human services may be for you—whether it's social work, counseling, teaching, corrections, psychology or human development.

The Psycho-Social Developmental Studies (PSDS) certificate provides pre-professional training for students planning to enter the human services field. The curriculum combines liberal arts courses with field experience in social service agencies and other community sites.

Students have the opportunity to gain skills in real-life settings and lay the foundation for more advanced study in their major. Those planning to go into teaching can also gain required classroom field experience through this program.

To earn the PSDS academic subject certificate, students must complete a total of 27 credits with a cumulative grade point average of 2.0 or better for all required courses. See course descriptions for prerequisites. Twelve credits, including SSCI 193V and SSCI 293V, must be taken at Windward Community College.
