III. Current Business

Meeting Time for Spring 2009
Since there is no common time that all participants can meet on a regular basis, it was decided meetings would be held on the first Wednesday of each month at noon. People will leave early/arrive late as necessary.

Windward Community Educational Needs Assessment
SMS Research completed the survey attaining 400 responses, 35-40% response rate. Their data will be presented to all staff and faculty at the Excellent in Education program on Fri., 3/6.
Waimanalo Extension Program
The forum held on 1/21 was very successful. 23 WCC KKP/Staff and Admin attended as well as 29 community members. Jayne distributed detailed notes from each breakout group as well as a summary of themes. Two overarching themes were revealed across all three questions that were asked; 1) the need to change community norms/expectations with the respect to higher education, and 2) the need to overcome financial barriers.

Lui will call the follow-up meeting with key players to be attended by Gus, himself, and perhaps Judy.

UH Presidential Search
Liko attended the 1/8 meeting between Puko'a and the search committee. Qualified applications are still urged to apply.

WCC Chancellor Search
No report from our representative, Kalani. Mark reported that the interview questions have been established. The opening has been posted and is advertised in the Chronicle of Higher Education. The committee would like to start interviewing mid-February.

Course Scheduling
The committee is working to establish a 2 year schedule to assure HWST ASCs can be completed within that time period. Discussion continued on how Administration commitment is necessary to avoid HWST classes being cancelled due to low enrollment. Winston recapped a conversation he had with DOI regarding this matter. Bottom line, it is the responsibility of KKP to monitor enrollment in Hawaiian Studies classes and put forth efforts to fill the classes.
