Old Business
Final Flow Chart
Pretty much done.
Paul’s Homework pretty much done.
Elizabeth R’s meeting with Curtis Ho and what we want to do.
Possibility of having UH College of Education students help WCC instructors for technology projects.
Would be Graduate Students, but there could be a time lag problem.
“Teaching with Technology” workshops
Help Desk
Responsibility of Academic Support, not the Techvision Committee.
Update on Instructional Developer
This week the Deans will be writing up a job description for this position.
Maybe the instructional developer will be helping with technology projects, perhaps to replace the UH COE students.
Or could be a liaison with the UH COE students.
Possibility of the position being filled by Spring 2007.
Who would help the faculty more, UH COE students or an Instructional Developer?
Especially with more immediate needs of the faculty.

New Business
Parse out TV statement to see how we are doing.
Role of the TV committee and/or the Instructional Developer.
Who should be the person who seeks to get the WCC faculty to embrace technology more?
TV Committee or the Instructional Developer.
Was written in December 2005, and needs to be annually reviewed.
TCUP report has some recommendations for the use of technology in the classroom.
Everyone needs to read the TV Statement over again before the next meeting and the recommendations from the TCUP Recommendations.
What we have done and not done yet with respect to the TV Statement.
Everybody looking each objective in the TV Statement and seeing what progress we have made.
