COURSE TASKS

TASK 1. Take three in-class exams. There is no comprehensive final in this course. Each exam will consist of matching, fill-in-the-blank, chronology and essays. The first two exams are each worth 60 pts. The last exam is worth 80 pts. The instructor will hand out the possible choices of exam questions well in advance of test dates.

TASK 2. Complete 20 different brief writing assignments in response to specific questions on the text readings. These assignments are designed to prepare you for class discussion as well as to help you to prepare for the exams. Each writing assignment is worth from 1 to 3 points (30 pts. total.) Each assignment must be handed in on the day for which it is assigned. Late submittals will not be accepted and you must attend the class and be present for class discussion for your assignment to be accepted for credit. There will be no chance to revise any of these discussion assignments.

TASK 3. Take 11 surprise quizzes. (The lowest quiz will be dropped.) Each quiz will be made up of 4 multiple-choice questions, based on a list of names and terms on the study guide for that day's assignment. Each quiz will usually, but not always, be given at the beginning of class. There will be no chance to retake the quiz, if you are late for class or are absent. Each quiz is worth 2 pts (20 pts. total.)

TASK 4. Attend regularly, participate in in-class writing exercises and class discussion. Such active learning will be not be assigned any points. However, any student whose final grade is within 2 points of the next higher grade and whose attendance and participation has been strong, will automatically be awarded that higher grade.

TASK 5. Attend Supplementary Instruction sessions after class. The SI leader will help you figure out the writing assignments, make sense of the textbook, prepare study aids for the exams and help you succeed in the course. Extra Credit will be assigned for these SI sessions.

COURSE EXPECTATIONS

1. **Turn off your cell phones!** I do expect you to be mentally as well as physically present during class time. Unless you have an emergency situation, such as a sick child at home (in which case, I would ask that you inform me before class of the situation), I expect that for 50 minutes you will be unplugged from the outside world. Every time someone's phone rings, the entire class is distracted. *Please, no texting!*

2. **I EXPECT YOU TO TAKE YOUR EXAMS AT THE SCHEDULED TIME.** If a serious emergency arises, I expect you, or a family member, to immediately email me (nuckols@hawaii.edu) or phone me at home (235-6330), or at school (236-9136) before or on the day of the scheduled exam. At either phone, you can leave me a message. Leave me a number to call you back. I will then immediately send a make-up exam to The Learning Center for you to take within 48 hours. **No make-up exam will be scheduled without you contacting me in a timely manner.**

3. I expect that you to **come to class on time.** If you are late, you may miss a surprise quiz or class discussion of the worksheet for that day.

4. I always expect you to read your assignments in the textbook before class begins and to **BRING YOUR TEXTBOOK TO EVERY CLASS SESSION.** I expect you to complete the discussion worksheets BEFORE class begins and to let me know immediately if you are not prepared for class discussion before I put you with a discussion partner. I also expect you to discuss your answers with your fellow students and to listen respectfully to their answers.

5. I expect you to **stay awake in class,** even when the lights are off and a video is being shown. I expect that if you are too tired to keep your eyes open, that you will leave class and find someplace else to take a nap. (I will wake you up!)

6. I expect you NOT to run to the bathroom when the class is broken up into discussion groups. If you leave the room, I will assign your partner or partners to a new group and you will lose credit for your homework. **GO TO THE BATHROOM BEFORE OR AFTER CLASS OR WHILE I AM LECTURING!**

7. I expect you to patiently wait until class ends before you begin to pack up your books and put on your backpack. I will end class as close as possible to the end time but I am not a machine. If the video or I have a minute or two more to finish a key point, than I expect you to give me that time to finish. Once even one student begins to shuffle papers, it is distracting to everyone else.

8. I expect you to make use of the SI sessions during the semester, especially if you are struggling with note-taking, study skills, reading the textbook, preparing the discussion worksheets & preparing for the quizzes and exams. If you earn a D or an F on an exam, then it is mandatory that you attend SI sessions. You will then be given the opportunity to improve your low grade.
RECOMMENDATIONS THAT WILL HELP YOU IN THIS CLASS

1. Always take notes. Note taking helps you stay focused and keeps your mind from drifting. Take notes during the films/videos as well as lectures.

2. Bring a tape recorder to class and tape the lectures. Then you can play back the lecture later and pick up anything you missed.

3. Copy down everything I put on the board.

4. Ask me to repeat a point that you missed. Ask questions.

5. Sit up front. It is much less distracting and you can see the board & video clearly.

6. Meet with the Supplementary Instruction leader after class. Ask him for help in preparing the discussion worksheets, prepping for a possible quiz, preparing study aids for the exams, and taking class notes.

7. Drop in on me during my office hours. Help me get to know you as an individual. Ask for help. Phone me at home, or e-mail me, if you can't make it to my office.
