WINDWARD COMMUNITY COLLEGE MISSION STATEMENT

Windward Community College offers innovative programs in the arts and sciences and opportunities to gain knowledge and understanding of Hawai‘i and its unique heritage. With a special commitment to support the access and educational needs of Native Hawaiians, we provide O‘ahu’s Ko‘olau region and beyond with liberal arts, career and lifelong learning in a supportive and challenging environment — inspiring students to excellence
CATALOG DESCRIPTION

An investigation of the nature and function of language, its sounds, structures and semantics, oral and written expression, acquisition and change. General linguistic principles applicable to all languages will be covered. We will learn ways of talking about language that will enable us to discuss language and understand what linguists do and say. (3 hours lecture)

Pre-Requisite(s): Credit for ENG 22 or higher or consent of instructor.

Activities Required at Scheduled Times Other Than Class Times

Students may be required to interview speakers of languages other than English, or do field research outside of class.

STUDENT LEARNING OUTCOMES

The student learning outcomes for the course are:

1. Examine and appreciate human language.
2. Articulate an appreciation of human languages and how they work.
3. Articulate the diversity of communication systems in daily life.
4. Examine and assess ones own language beliefs and capabilities.

COURSE CONTENT

1. What language is (and isn't) Animal Language
2. Phonetics, Phonology--Basic sounds in English and other languages--how they are represented in the International Phonetic Alphabet (IPA)
3. Syntax--How words and phrases are combined into sentences
4. Semantics--what and how words mean
5. Pragmatics--language in context and conversation
6. Acquisition--How children learn their first language and how adults learn other languages.
7. Storage and Processing--How we remember and store language and how we forget it (dementia, Alzheimer's)
8. Language Variation--How languages vary according to geography, gender, age, economic status, ethnicity, etc.
9. Language and Culture
10. Practical applications of Linguistics (Forensics, Speech Pathology, Language Education, Translation)

**COURSE TASKS**

Students will do practical exercises relating to each topic, and write short essays on topics set by the instructor. They will also do one longer essay, which they will submit in draft form and after conference with the instructor, they will revise it and present it in class. There will be a written midterm and final, and a language journal.

**ASSESSMENT TASKS AND GRADING**

Distribution of grading:

- 30%: Daily practical exercises, essays and language journal
- 30%: Written Midterm and Final
- 40%: Essay and Presentation
