### Secrets of Success: Two key factors are especially important

(1) **Self-motivation:** Because this is an online course, nobody will push you to do the work. Thus, self-motivation is a key factor of success in this course.

(2) **Communication:** You are not alone. Continuous and open discussion among all participants is strongly recommended. You can use the "Class Discussion" pages available in the Discussions tool of Laulima to communicate with each other. Group work and corroboration is encouraged (i.e., help each other).

### Chapter review (textbook)

(1) Read the assigned pages of the textbook. Then go to the **Printable Reviews** page and study the review questions for the chapter (PDF format files are also available in **Resources** page).

To access automated reviews, from TOC, click **Assignments, Tests and Surveys**. You see Review Ch01, Review Ch02, etc. listed.

NOTE: You can access automated Reviews as many time as you wish. However, once an exam period starts, the corresponding review page will be closed. So, be sure to review questions ahead of the exam period. (NOTE: PDF printable versions will remain available in Resources)

### Tests & Exams (online):

(1) You will take your **Pre-survey, Post-survey** and **Exams** via Laulima at a Testing Center by the Due Dates.

! You can take each exam ONLY once.

**NOTE:** If necessary, you can arrange to take pre-survey/exams, etc. at other designated [testing sites](#). Please contact the instructor to set up your testing site.

The list of locations is found at:

[http://www.hawaii.edu/dl/faculty/prep/proctor\\_office.html](http://www.hawaii.edu/dl/faculty/prep/proctor_office.html)

### Discussion (online):

(1) Like you did in "Introduce Yourself" exercise, post your Report (i.e. your reactions, opinions, etc.) in the appropriate topic area in the Class Discussions section of Discussions by the due date. For example, you can report What you think, why this way, what can we do, etc.

---

**WARNING:** Please do NOT share the Discussions tool with a third party. Any violation of this confidentiality will lead you to dismissal from this course, at least.

---

You can seek help from your fellow students by posting your problems in the **Class Discussions** section. It is strongly encouraged that you help each other.

To access Class Discussions:

Log in to Lulima → Go to GEOG 102 page  
TOC > Discussions and Private Messages Tools

The Discussions opens. Go to Class Discussion. Click on the appropriate topic and compose your message. Your report should NOT exceed 250 words.

You can add your picture, or any picture you like (of course, nothing obscene or offensive, please), in Discussion and Private Messages, My Profile. Go to "Avatar" at the bottom of the page. Please use rather small pictures.

To compose your report, an easy way is to type your report using MS Word or other word processor, and then copy and paste it in a message. Don't forget your Name.

Also, be sure to Reply to at least one entry in the Discussions. In other words, you write your reaction to at least one person's report. You will write **TWO** entries in the Discussion for each week's topic. Again, you are strongly encouraged to assist your fellow students.

**!** Discussion for each topic remains open until the end of the week (Saturday). Be sure to report and reply within this time period.

---

**NOTE:** If you have any questions about this course, please e-mail me using my UH e-mail address ([lkagawa@hawaii.edu](mailto:lkagawa@hawaii.edu)), Always include "**GEOG 102**" in the subject field of your e-mail, so that I will notice it immediately. This will be automatically done if you use the **Maitool** in Lulima. DO NOT use "Private Messages" in Lulima.
