STUDENT LEARNING OUTCOMES

Upon successful completion of English 100, students should be able to complete the following as
independent learners. The student learning outcomes are:

• Write complex and well-reasoned compositions in language, style, and structure appropriate to
particular purposes and audiences.
• Engage in a writing process that includes exploring ideas, considering multiple points of view, developing and supporting a thesis, revising with the help of peer and instructor feedback, editing, and proofreading.

• Find, evaluate, integrate, and properly document information from libraries, the Internet, and other sources, with an eye for reliability, bias, and relevance.

• Read for main points, perspective, and purpose, and analyze the effectiveness of a variety of rhetorical strategies in order to integrate that knowledge into their writing.

WRITTEN COMMUNICATION HALLMARKS

1. Introduce students to different forms of college-level writing, including, but not limited to, academic discourse, and guide them in writing for different purposes and audiences.
2. Provide students with guided practice of writing processes -planning, drafting, critiquing, revising, and editing- making effective use of written and oral feedback from the faculty instructor and from peers.
3. Require at least 5000 words of finished prose-equivalent to approximately 20 typewritten/printed pages.
4. Help students develop information literacy by teaching search strategies, critical evaluation of information and sources, and effective selection of information for specific purposes and audiences; teach appropriate ways to incorporate such information, acknowledge sources and provide citation.
5. Help students read texts and make use of a variety of sources in expressing their own ideas, perspectives, and/or opinions in writing.

ATTENDANCE

Class attendance is mandatory. It is your responsibility to keep up with work you miss. Find out from your peer what was missed, such as announcements, assignments, handouts, etc., and be prepared by the following class.

Chronic absences, even if you have a good reason, will affect your grade. More than two absences will lower your grade. If you have six or more excused or unexcused absences, you may fail the course. Chronic lateness will also affect your grade in a negative way; three or more late arrivals will reduce your grade.

COURSE INFORMATION

“The desire to write grows with writing.” – Erasmus
Writing is a recursive process; it takes time and effort to develop good writing. It means taking risks and trying again and again. Think of yourselves as new writers rather than students merely getting a grade. Own your writing and don’t be afraid to make mistakes.
My aim is to help you achieve your goals in becoming effective writers so that you may succeed in your academic careers and in life. By learning the moves to academic writing, you will learn how to craft your own writing. I hope to foster a positive and exciting learning environment where we can engage in interesting discussions. My goal is to stretch your mind getting you to think deeper about issues in our world, how ideas are written, and how we react to them. In that way, this course helps to develop critical thinking skills as well as writing skills.
A course schedule appears on our laulima site. It will be your main source of information about assignment due dates. Below is information about the formal writing assignments and course work you will be expected to do.

**ESSAYS:**
- You will be writing four multiple-stage essays this semester. Good writing takes time and multiple revisions. By providing you with an opportunity to hand in a draft early in the process, you will be able to easily complete the assignment. This method helps you to understand the process it takes to turn in a good paper. It also provides you with ample time to complete and revise the assignment.
- Essays are to be posted to laulima and www.turnitin.com for feedback and grading.
- You are required to bring in hard copies of drafts on peer review / instructor review days.
- For each essay, you must complete the outline, draft, revision and peer evaluation (when required) for full credit. Drafts (approximately one-half to three-fourths of the word count) and peer reviews are mandatory. Without these drafts and peer reviews, you will lose 20% or more of your grade on each assignment.
- The revisions of the position paper and proposal paper are mandatory and must be submitted to www.turnitin.com
- All students must write the proposal paper to be eligible to pass English 100.
- All papers must be in MLA format. Please be sure your files are saved as a .doc or as .docx file. (I cannot read pages software files.)

**OBTAIN A TURNITIN ACCOUNT**
Students are to enroll and set up an account at www.turnitin.com Use the class ID 14368634 and enrollment password - writing. Our class name is ENG 100X-64418. You will see folders for each of the essays to turn in your papers.

**LIBRARY RESEARCH UNITS (LRU’S)**
Complete the Library Resource Unit with a passing grade by **March 20, 2017**. You must have a UH account and password in order to access the Library Resource Unit units online. The exam will be available in laulima or through the WCC Library link. You must pass all three tests with a score of 10 or more to pass them. You may take the examination twice on your own. If you score less than 10 or more on each section, then you must be tutored by a librarian before taking the exam a third time. **If you do not take and pass these tests, you do not pass this class.**

**READING QUESTIONS**
Students are required to respond with substantial replies (at least one full page) to the questions at the end of selected readings assigned from the textbook. Be prepared to share responses in groups or with the entire class.

**/course tasks**
- Attend one or more required conferences with instructor.
- Attend one writing center conference to discuss and improve your writing. This is worth five points of the attendance grade.
- Read the assigned readings and chapters from the textbook.
• Complete writing assignments and peer reviews on time.
• Pass the Library Research Unit tests and spend time at WCC Library as needed to perform this task.
• Use Academic Search Premier database and WCC for scholarly research.
• Do reading question replies and other reading and writing tasks that may be noted in the course schedule.
• Obtain an active hawaii.edu and turnitin.com account and have access to both a computer and the Internet, which is a "must" for this class.

CLASS POLICIES

RESPECT IN THE CLASSROOM

It is expected that you will demonstrate respect toward both the instructor and your fellow classmates. This is part of our shared responsibilities in a learning context. Given that cultural issues—such as ethnicity, race, gender, class, sexual identity, and relationship to land and place—can be controversial in ways that affect us personally, you must agree to put aside your differences for the duration of this class and demonstrate respect towards other people’s opinions. This respect is not merely “your” responsibility—as a member of the Windward Community College faculty, I have a responsibility to each of you to ensure that learning takes place in an intellectually safe and hostility-free environment. Put aside your differences and consider other people’s feelings in this class.

PLAGIARISM

Plagiarism includes but is not limited to submitting any document, to satisfy an academic requirement, that has been copied in whole or part from another individual’s work without identifying that individual; neglecting to identify as a quotation a documented idea that has not been assimilated into the student’s language and style, or paraphrasing a passage so closely that
the reader is misled as to the source; submitting the same written or oral material in more than one course without obtaining authorization from the instructors involved; or dry-labbing, which includes (a) obtaining and using experimental data from other students without the express consent of the instructor, (b) utilizing experimental data and laboratory write-ups from other sections of the course or from previous terms during which the course was conducted, and (c) fabricating data to fit the expected results.

If you are caught plagiarizing in any manner, it may result in a zero on the assignment. A plagiarized assignment cannot be made-up. Plagiarism may also cause a student to fail the class. This infraction is reported to the Vice Chancellor of Student Affairs, who may choose to impose an expulsion from the class or university.

**DEADLINES**

- Essays and other assignments are submitted and accepted only via the *assignments tool in laulima*. EMAILED ASSIGNMENTS ARE NOT ACCEPTED FOR GRADING.
- Assignments are due by 11:55 p.m. (HST) unless otherwise noted on the schedule.
- Late Papers do not receive full credit and are only accepted 48 hours after the due date. After that point, late papers will not receive credit. If for some reason you are unable to turn in an essay within the allowed time, you will receive a zero for that assignment.
- You may possibly receive partial credit for assignments that are posted less than 24 hours after the original due date.
- It is your responsibility to learn about and follow the official procedure for dropping classes. If you stop participating in this class but do not follow up to officially drop it, you will receive a failing grade.
- *An Incomplete for this course is only considered when less than 10% of all coursework is left to complete and only under extreme circumstances.*

**ELECTRONIC DEVICES**

Please turn off and put away cell phones prior to the start of each class; if you text or use computers for personal activities during classroom time, you may be asked to leave and get a zero on a given assignment.

**EMAIL**

I will respond to email as quickly as possible. You can expect a response within 24 hours, except weekends and holidays when it may take up to 48 hours.

**EXTRA CREDIT**

If you are interested in earning extra credit, you must meet with the instructor during office hours to discuss this option. Extra credit is given only on a case-by-case basis and must be approved by the instructor.
