Learning Resources

Adobe Photoshop Elements (PSE): Adobe Photoshop Elements 2018 is a digital imaging/editing software application that will be used for completing various assignments and projects in this course. Adobe Photoshop Elements can be purchased and downloaded from Adobe.com for approximately $79-$119.

Important Note: Adobe frequently offers Student/Teacher discounts on their software bundles. These bundles are often $10 more in price, but include an additional software application.

Adobe Photoshop Elements Available for use of Campus: There will be Photoshop Elements installed in on 2 computers on the second floor of the Library. Computer #15 for PC and Computer #45 for the Mac. Please ask a librarian for assistance in locating these computers. There will also be a Photoshop Elements installed on 2 computers in Palanakila 124. Please contact me for the lab hours if you are interested in using a computer in the lab.

Additional Notes: You do not have to use, download, or purchase PSE to complete this course. You may use an application that you have access to and/or are already familiar with. Please be aware that the majority of the course Modules, Assignments, Tutorials, and Projects are based around PSE. Although there are numerous free online photo editors, they do not contain the features (e.g. layer masks, advanced selection tools, guided edits) that will be required to complete the assignments and projects for this course. Important Note: If you choose not to use PSE, you will be responsible for learning the skills necessary to complete the requirements of the course using the software you have chosen to work with.

Cameras: It would be beneficial to have access to a stand-alone digital camera to get the most out of this course. However, a camera on a smartphone will be more than adequate to complete the Assignments and Projects for this course.

Laulima: Laulima is an online course management system and will be used to post the Course Schedule, Assignments, Discussions, Projects, Modules, Announcements, and any relevant information pertaining to the class. Please check the Laulima Announcements regularly to make sure you are keeping up with the pace of the course and are aware of any upcoming deadlines.
