- (2) **Communication:** You are not alone. Continuous and open discussion among all participants is strongly recommended. You can use the "Class Discussion" pages available in the Discussions tool of Lulima to communicate with each other. Group work and corroboration is encouraged (i.e., help each other).

WARNING: Please do NOT share the Discussions tool with a third party. Any violation of this confidentiality will lead you to dismissal from this course, at least.

You can seek help from your fellow students by posting your problems in the **Class Discussions** section. It is strongly encouraged that you help each other.

To access Class Discussions:

Log in to Lulima → Go to GEOG 102 page
TOC > Discussions and Private Messages Tools

The Discussions opens. Go to Class Discussion. Click on the appropriate topic and compose your message. Your report should NOT exceed 250 words.

You can add your picture, or any picture you like (of course, nothing obscene or offensive, please), in Discussion and Private Messages, My Profile. Go to "Avatar" at the bottom of the page. Please use rather small pictures.

To compose your report, an easy way is to type your report using MS Word or other word processor, and then copy and paste it in a message. Don't forget your Name.

Also, be sure to Reply to at least one entry in the Discussions. In other words, you write your reaction to at least one person's report. You will write **TWO** entries in the Discussion for each week's topic. Again, you are strongly encouraged to assist your fellow students.

! Discussion for each topic remains open until the end of the week (Saturday). Be sure to report and reply within this time period.

NOTE: If you have any questions about this course, please e-mail me using my UH e-mail address (lkagawa@hawaii.edu), Always include “**GEOG 102**” in the subject field of your e-mail, so that I will notice it immediately.
