COURSE TASKS

- This course is delivered entirely online through the University of Hawai‘i course management system Canvas along with alternative technologies including artist and museum websites, blogs, once per week discussion forum, and a series of free videos.

- Two movies are streamed on Netflix and are available for purchase on youtube ($1.99) if you do not subscribe to Netflix.

- You will use your Canvas account to login to the course. Weekly instructions and materials are located in the Resources folder organized by week.

- This class operates on a Monday – Sunday schedule.

- I send weekly instruction announcements and make resources available on Mondays, and the corresponding assignments for the week are due on Sundays.

- All assignments are due on Sunday nights no later than 11pm. Please understand that I will not respond to last minute questions that come in on the weekend. You need to prepare, look ahead, and anticipate your needs in order to succeed in the class. Procrastination is a dangerous game!

- Each assignment is to be submitted using Canvas assignment function.

- To submit your art projects, upload a jpg image of your project to Canvas.
To submit your written assignments, midterm, and final paper, copy and paste into Canvas text box.

Each lesson will last the duration of an on-campus course session. For example, when a video is required, the play length will be one hour and fifteen minutes, the equivalent of an on-campus session. In addition to the weekly online lessons, students are required to complete homework assignments and readings.

For every one credit, a student will spend approximately two to three hours outside of class studying. For a 3 credit hour course such as this (1 course) means students can expect to spend 3 hours on class lessons per week + 6 hours study time per week = 9 hours/week spent on this class. General rule of thumb for college course homework: 2 hours of study per 1 hour of class.

ASSESSMENT TASKS AND GRADING

The learning outcomes will be met through a combination of 3 art projects and 3 accompanying artist statements; weekly participation points; 10 sketchbook assignments, and 2 writing assignments. The Midterm Project consists of a project and writing assignment and the Final Project consists of an art project and writing assignment. This class does not have tests or quizzes.

3 art projects: 20 points each (x 3) = 60 pts
3 artist statements: 10 points each (x3) = 30 pts
12 Weekly participation: 4 points each (x 12) = 48 pts
3 writing assignments: 10 points each (x 3) = 30 pts
10 Sketchbook Assignments 8 points each (x 10) = 80 pts
Midterm paper: 20 pts
Final project and paper: 30 pts
Total possible points: 298 points

Grading for weekly discussion posts
In determining your grade, the following components are considered:

- Each student is required to post one original statement in response to a given topic provided by me (i.e. “replies” to other students do not count as a post).
- All assignments and discussion posts are due on Sunday night no later than 11pm.
- See the course schedule at the end of the syllabus. Follow the syllabus schedule very closely.
- Note: the weekly participation points amount to 48 points total – nearly the same amount as the than the midterm and final combined (50 points total). Weekly participation is an important component to this course.

Quality of discussion posts and written assignments
- Each of your posts must relate to the assigned image(s) using concepts and terminology discussed in class. Terminology such as line, value, form, proportion, composition, among others will be covered in class lectures and should be used in posts in order to demonstrate your understanding of course material and an effort toward understanding the image being discussed.
- Connections between lecture content, textbook content, and discussion should be exhibited.
- Discussion posts must be submitted in complete sentences. This is not twitter.
- Relate new information with material previously covered in the class as well as with personal art experiences whenever possible.
- Discuss at a critical level – don’t just recite other people’s opinions or random facts from the readings.
- Critical discussion includes your opinion of items mentioned, but also includes the reasons you hold that opinion, and why it may be inconsistent or consistent with what you’ve learned. Justify your reasoning with facts or research including visual references and/or literature sources. How does what you’re presenting relate to other art situations, other disciplines, or other ideas?

LEARNING RESOURCES

Text

DO NOT PURCHASE THE BOOK. All readings are provided for you on Laulima

Other Required Readings and Online Videos

Course Requirements
- Internet connection with audio/video capabilities

- Please see syllabus for required art supplies under each art project.
See the class schedule below and Netiquette handout for additional course information.

As the instructor, I will serve as a guide on the discussion board. While I will not respond to every post, I will read what is posted, and reply when necessary. Expect instructor posts in the following situations:

- To assist when it comes to making connections between discussion, lectures, and textbook material.
- To fill in important things that may have been missed.
- To re-direct discussion if tangents detour the discussion away from the class topic.
- To identify key points in the discussion that warrant additional thought.
- The instructor reserves the right to remove any discussion messages that display inappropriate language or content.

Assignment Submissions
All assignments for this course will be submitted electronically through Canvas as uploaded word docs, pdfs, or jpg images or copy/paste using the Canvas assignment function. Assignments must be submitted by the given deadline or special permission must be requested from instructor before the due date. Because the Laulima discussion forum is meant to be a dialogue, late posts are not accepted, as fellow students do not see submissions made after the deadline.

Important Note: Any form of academic dishonesty, including plagiarism, may be reported to the office of student affairs. Plagiarism is the use of ideas or works belonging to someone else without acknowledging that person’s contribution. For more information on plagiarism see: http://www.plagiarism.org/

Late Work Policy
Be sure to pay close attention to deadlines—there will be no make-up assignments or discussion posts. Late work will NOT be accepted without a serious and compelling reason and instructor approval.
