Awesome Light

Discoveries from the Telescopes of Maunakea

Open the doors of the world's most famous observatories to your audiences. Produced over three years with exceptional access to the telescopes and in close cooperation with the principal investigators. Discover the latest stories from the cosmos in this unique planetarium series!

Voyage into Subaru, Gemini, Keck, and Canada-France-Hawai'i observatories to explore an exoplanet, supernova, stars orbiting at the center of the Milky Way, and the 1° galactic survey.

For general audiences. Features PI's data and astronomical simulations rendered in DigitalSky 2 with stunning time-lapse footage from Maunakea.

Produced by Sky-Skan for 'Imiloa Astronomy Center of Hawai'i. Running time: 22 minutes.

\$3,300 (5-year license)

One World, One Sky

Elmo and Big Bird live in the United States and Hu Hu Zhu lives far away in China, but they discovered that they still see the same stars at night!

Produced by Sesame Workshop, the Beijing Planetarium, Adler Planetarium, and Liberty Science Center with major funding provided by the National Science Foundation.

Approximate running time: 27 minutes.

\$5,400 (5-year license)

Kaluoka'hina, the Enchanted Reef

The vastness of our planet's oceans guards unimaginable secrets. One of its most precious is Kaluoka'hina, the enchanted reef whose magic protects it against humans finding it. Kaluoka'hina's colorful inhabitants have thus always lived in peace... until the volcano erupts, and the spell is broken.

Now it's up to the young sawfish Jake and his paranoid pal, Shorty, to restore the magic of Kaluoka'hina. Their only lead: the ancient legend that tells of touching the moon.

But how is a fish supposed to touch the moon? This is just one of the intriguing puzzles that Jake and Shorty have to solve on their most exciting adventure ever—the quest to save their beloved reef.

See what many are hailing as “the most ambitious and professional production for the dome to date.” In a production that sets a new standard for full-dome shows, Kaluoka'hina is all that and more. As much a technological marvel as it is a wonderfully entertaining and visually captivating show.

Produced by Softmachine. Running time: 32 minutes.

\$5,700 (5-year license)
