Sacred Places

REL 296
Tuesday & Thursday
11:15 a.m. – 12:30 p.m.
Hale Pālanakila 102
No prerequisites.

Study worldly wonders like Stonehenge and Machu Picchu, celebrated natural landscapes such as the Ganges river, Haleakala and Ayers rock; tombs of silent reverence like the Taj Mahal and the pyramids; religious churches, temples, shrines, and ruins; pilgrimage routes; and more. Also study the poets and artists who were inspired by some of these exalted landscapes. Explore the mind as a sacred place during dreamtime, meditation and prayer, as well as places of hostile religious wars.
