## Descriptive Summary of the Request (provide a summary of the resource request)

Professional development workshops, conferences, and seminars will focus on advances in use and conservation of energy, water, recycling, health and safety, waste, pollution, and environmental degradation. With this knowledge the ICO instructor will include these new competencies in the vocational training course.

---

## Rationale for Request (how will the request benefit the unit, department, program or institution; alignment with Strategic Plan and other supporting documents, e.g., program review, annual assessments, department report, etc.)

The approval of this request would enhance the program's curriculum and solidify ETC's commitment to providing state-of-the-art training. EMSI data indicate growth in the construction industry through 2014. This request is in alignment with WCC Strategic Plan 4.1. For faculty to stay current with workforce training demands and in accordance with WCC Strategic Plan 5.2 green building training for our ICO instructor is critical to the success of our program.
