Part III. Narrative - Description and Rationale (do not exceed space provided)
Descriptive Summary of the Request (provide a summary of the resource request)

Hire full-time faculty in drawing and painting. A full-time workload already exists for this position. It is being handled by lecturers. This highly reputable discipline and ASC is taught by one full time professor and two lecturers. For the sake of consistency and for the continuity of the program, it is important to have a second full time instructor in drawing and painting. The program currently is highly regarded and is of high quality. That quality is at risk because of inconsistency due to so many of the courses being taught by lecturers.

Rationale for Request (how will the request benefit the unit, department, program or institution)

1. Promotion of the Atelier Program
2. ASC in drawing and painting will be increased 100%
3. Continuity in the area of drawing and painting will be established.
4. Increase availability of offerings (every semester classes are generally over-enrolled and other students are turned away.)

Documentation (in addition to the Strategic Plan what other source(s) of documentation for this request exist? provide an alignment with or connection to a supporting document, i.e., program review, annual assessment, departmental report, SLO/process outcome assessment/analysis, grant proposal, or other doc/report).

Documentation can be found by examining the drawing and painting enrollment figures. Since 2003 we have had a lecturer working full-time in these programs. The additional staffing has made possible the expansion of offerings and substantial enrollment increases.

For PBC members: provide one rating for this request based on a scale of "1" indicating the lowest rating and "5" indicating the highest rating.
