ENVIRONMENTAL SCIENCE EXPERIENCES (LIST SKILLS, COURSES, PROGRAMS; INDICATE INSTITUTION AND/OR LOCATION. ADD ADDITIONAL PAGES IF NECESSARY):

REQUIRED RECOMMENDATIONS

TEACHER RECOMMENDATION

Student applicants are asked to provide a *written recommendation from the student's science or math teacher* outlining the student's strengths and achievements. The teacher should use the attached recommendation form and mail the recommendation in separately by February 24, 2017.

COMMUNITY MEMBER RECOMMENDATION

Student applicants are also asked to provide a letter of recommendation from a community member (e.g., youth group leader, sports coach, neighbor, etc.). This recommendation should clearly outline the student's commitment to the community and the environment. This *community member should not be a member of the applicant's immediate family nor someone formally associated with the applicant's school*. The community member should use the attached recommendation form and mail the recommendation in separately by February 24, 2017.

PERSONAL ESSAY

On a separate sheet of paper, please write an essay that clearly states why it is important to understand and protect Hawai'i's watersheds and coral reefs. Essay should demonstrate your enthusiasm and motivation to learn about these valuable Hawaiian resources and share that information with others in the community. An inquisitive mind and an interest in science will weigh equally with academic achievement. Provide a descriptive title and be sure you full name is written under the title. This essay should be about one page in length and must be typed clearly. Enclose this essay with this application form when you submit your application.
