- 3. Use current models to describe human behavior
- 4. Integrate major theories and thoughts to understand and discuss human behavior and development

# **COURSE TASKS**

# A. EXAMS (40%, 400 points of total grade):

Complete one Midterm examination and one (1) Final examination covering assigned readings, class activities, discussions, lectures, videos, handouts, assignments, etc. Each Exam will consist of Multiple Choice, True-False, Fill in the Blank, Short Answer, and Essay questions.

EXAM	DATES:	MATERIAL	%/POINTS possible
Midterm	Monday, Mar. 17 <sup>th</sup>	Chapters 1-13	20%/ 200pts
Final	See Schedule	Chapters 14-Ep	20%/ 200pts

**Do not miss exams.** Fairness in testing depends on students having equal preparation opportunities. Consequently, make-up tests will be allowed **ONLY** in the event of a genuine family or medical **EMERGENCY** with appropriate documentation. In the event of an emergency, the instructor must be notified **IN ADVANCE** of the exam, unless absolutely impossible. If the instructor is not notified of the emergency prior to the start time of the exam, and/or appropriate documentation of proof of emergency is not provided, the student will receive a zero for that exam.

Routine appointments are not emergencies, and should be scheduled outside of class hours. In case of emergencies, it is the responsibility of the student to contact the instructor before class begins, in order for the student to avoid penalty.

# B. PARTICIPATION / ATTENDENCE : (10%, 100 points of total grade):

Each student will be expected to participate in specific activities each week. Activities are designed to complement information in the text. Optimal learning will require preparation outside of class and sharing the work product or information in class group discussion. It is important to **plan ahead** to make certain you complete the work required to be done outside of class so you are ready to share with the class at the time the topic is discussed. Because the activities are planned in-class group learning opportunities, there are no make-up opportunities for these activities.

Each student is viewed as a Learner/Peer Teacher. Your shared observations, knowledge, skills, questions, and responsive listening are valued and contribute to a positive learning environment. Consequently, it is important that every student attend class to contribute to the interactive learning that is an important part of every class. **To receive credit** for participation, each student will need **to participate.** 

# C. INSTRUCTOR QUIZZES (10%, 100 points of total grade):

Quizzes will be administered on a variable interval schedule of reinforcement. Quiz content may include material covered in required reading for the current class and instruction/reading from previous classes. Quizzes will be administered at the moment class begins and will take approximately five minutes or less to complete. If the student is not present at the time of the quiz, s/he will receive zero points. There are **NO MAKE-UPS** for quizzes. Quizzes are motivation for preparatory reading, studying, and on-time attendance in class and students must be present to participate in the quiz.

### D. "My Life Span Development" PORTFOLIO PROJECT (20%, 200 pts of total grade):

This project should be taken seriously! This activity is to aid the student in developing a comprehensive understanding of developmental theory through meaningful and personal experience, while completing a college level literary project. Your work quality and professional presentation is expected to be at college level performance. To be successful in this segment of the course, students need to start early and work each week to complete this project. See rubric for additional instructions on project requirements.

Because this is a semester long project, there is no excuse for a late paper. LATE PAPERS will not be accepted.

# E. CHAPTER PRESENTATION PROJECT (20%, 200 pts of total grade):

The class will be separated into chapter teams to present a specific chapter from the text on specific days. Team and chapter selection method will be discussed in the second class discussion. The chapter presentation must be at least 45 minutes in length, be accompanied by handouts of presented chapter material, and be completely presented through active participation of entire class. Additional instructions will be provided in class. Grade is based on Instructor Rubric and takes into account information presented in the Teammate/Partner Rubric, but only as deemed appropriate by instructor.

Instructor Grading Rubrics for Presentation is as follows:

Presentation Component:	Description:	Possible Points	Points Earned		
Time	Time Total team presentation was at least 45 minutes and not more than 60 minutes allowing time for instructor input				
Mode of Presentation	Material was presented in a fully interactive format (activity, game, small groupwork, discussion, etc.)	30			
Understanding of Chapter Material	erstanding of Demonstrated understanding of relevant chapter material				
Resources	Resources  Hard copy and online handouts and resources of presented chapter material were made available that day (copy of presentation, outline with general chapter details, worksheets, etc.)

### **Additional Information**

# **MODE OF INSTRUCTION\***

Lectures, assigned readings, videos, worksheets, discussions, collaborative work-groups, student chapter presentations, participation, group projects, community field observations, role-playing, peer teaching, online and interactive engagement. Although the main concepts in human development throughout the lifespan will be covered, not all important information from your text will necessarily be discussed in class. The text and class activities are mutually complementary, meaning they overlap. Students are responsible for the information presented in both domains.

### **REQUEST FOR Cr/N GRADES**

Requests for Credit/No Credit grades, as opposed to the traditional A-F grades, must be made by the official withdrawal date (approximately mid term; see calendar for date).

# **SERVICE LEARNING COMPONENT**

This course provides a Service Learning Option where the student may volunteer a minimum of 20 hours within the community and apply what was learned in class. Additional information m be handed out in class. See instructor for more information and specific volunteer and paper requirements. If a student chooses the Service Learning option, s/he must notify the instructor by the end of the third week in the semester to ensure s/he has time to secure a work site and fulfill volunteer and academic requirements. It is the student's responsibility to acquire and submit all required Service Learning materials directly through the Service Learning office on campus to receive a Service Learning Certificate.

### ACADEMIC DISHONESTY

Academic dishonesty cannot be condoned by the University. Such dishonesty includes cheating and plagiarism (examples of which are given below) which violate the Student Conduct Code and may result in receiving zero points for an assignment, failing an exam, failing the class, and *expulsion from the <u>University of Hawaii</u>*.

**Cheating:** Cheating includes but is not limited to giving unauthorized help during an examination, obtaining unauthorized information about an examination before it is administered, using inappropriate sources of information during an examination, altering the record of any grades, altering answers after an examination has been submitted, falsifying any official UH record, and misrepresenting the facts in order to obtain exemptions from course requirements.

**Plagiarism:** Plagiarism includes but is not limited to submitting any document to satisfy an academic requirement that has been copied in whole or part from another individual's work without identifying that individual; neglecting to identify as a quotation a documented idea that has not been assimilated into the student's language and style, or paraphrasing a passage so closely that the reader is misled as to the source; submitting the same written or oral material in more than one course without obtaining authorization from the instructors involved...

### DISABILITIES ACCOMMODATION STATEMENT

If you have a physical, sensory, health, cognitive, or mental health disability that could limit your ability to fully participate n this class, you are encouraged to contact the Disability Specialist Counselor to discuss reasonable accommodations that will help you succeed in this class. Ann Lemke can be reached at 235-7448, <a href="lemke@hawaii.edu">lemke@hawaii.edu</a>, or you may stop by Hale 'Ākoakoa 213 for more information. **Please see attached flyer for additional information.** 

You are encouraged to speak with your instructor to discuss any concerns regarding your educational progress and insure you have an equal opportunity to succeed in this class. Anyone who has difficulty during the semester should see me right away to get help.

### SERVICE LEARNING COMPONENT

This course provides a Service Learning Option. In lieu of the Portfolio Project, the student may volunteer a minimum of 20 hours within the community. It is the student's responsibility to acquire a site. To receive Service Learning Credit and a certificate, it is the student's responsibility to submit all required Service Learning materials <u>directly</u> to the Service learning office on campus. Additional information can be found at Hale Na'auao 132; Ofc: (808) 236-9230; wccserve@hawaii.edu; http://windward.hawaii.edu/Service-Learning/index.php

If a student chooses the Service Learning option, that student must notify the instructor by the end of the third week in the semester; this is to ensure the student has enough time to secure a work site and fulfill volunteer and academic requirements. Additionally, the student must immediately provide to the instructor copies of: (These forms can be obtained at the Service Learning Office)

• The Student Project Proposal Form

**Teammate Grading Rubric for:** 

• The Assumption of Risk, Release, and Waiver Form

To be included with the "My Lifespan Development" journal project towards the end of the semester, the student must provide:

- Copy of the *time sheet* indicating days and times of Service Learning Service, signed by the student's site supervisor
- Copy of the Site Supervisor Evaluation Form from Service Learning office requirements
- Site Journal: For each day at the volunteer site, write a brief (1 page) journal entry describing tasks, people or places encountered, activities engaged in, and describe real-life applied recognition of concepts learned in class.
- A 3-5 page final impact paper describing the volunteer experience and how the student was able to recognize and/or apply concepts learned in the classroom.
  - O Minimum 3 pages, 1 inch margins, times new roman font

For careers in counseling, social work, education, psychology and human development.

# Psycho-SOCIAL Development Academic Subject Certificate

If you like helping people, a career in human services may be for you—whether it's social work, counseling, teaching, corrections, psychology or human development.

The Psycho-Social Developmental Studies (PSDS) certificate provides pre-professional training for students planning to enter the human services field. The curriculum combines liberal arts courses with field experience in social service agencies and other community sites.

Students have the opportunity to gain skills in real-life settings and lay the foundation for more advanced study in their major. Those planning to go into teaching can also gain required classroom field experience through this program.

To earn the PSDS academic subject certificate, students must complete a total of 27 credits with a cumulative grade point average of 2.0 or better for all required courses. See course descriptions for prerequisites. Twelve credits, including SSCI 193V and SSCI 293V, must be taken at Windward Community College.

# FAMR 230 "My Life Span Development" Portfolio Project

# SELF-GRADE & TURN THIS SHEET IN WITH YOUR PORTFOLIO PROJECT.

Choose 10 different chapters total: Three from the Biosocial Domain Chapters (5, 8, 11, 14, 17, 20, 23), Three from the Cognitive Domain Chapters (6, 9, 12, 15, 18, 21, 24), and Three from the Psychosocial Domain Chapters (7, 10, 13, 16, 19, 22, 25), plus 1 additional chapter (1, 2, 3, 4, Epilogue, or any of the chs. 5-25 not yet used ) that interests you (3+3+3+1=10 chapters).

For each chapter: (1) Find developmental phenomenon that feels familiar or brings back memories. (2) Then integrate how specific theories, points, and terms covered in that chapter apply to **your own development**. (3) Write a minimum of one **full** page. double spaced, with 1-inch margins, using 12 point Times New Roman font, making the narrative portion of the portfolio a minimum of ten **full** pages total. (4) Provide an artifact (portrait, sentimental item, artwork, poem, etc.) that represents the experience or lifestage. Incorporate all chapters and artifacts in chronological order in one document, including a cover page with your name on it, and a separate table of contents that includes chapters numbers, chapter title, and lists the artifact for that chapter.

EXAMPLE for one self-analysis discussion: Chapter 7: The First Two Years, Cognitive Development: You might choose familiar phenomena such as "Sensorimotor Stage of Cognitive Development," and discuss stories told (since you don't remember that young) about how you used to use your senses and motor skills to understand and learn about your world. For example, you put "everything" in your mouth, nose, or ears & was taken to the emergency room several times to remove some toy stuck up your nose or ears, and the one time you choked on a bottle cap and Aunty gave you the Heimlich maneuver. And you remember how much you loved to play peek-a-boo because you didn't yet have object permanence, and this one time in the grocery store when your mom thought the person behind you in line was nuts because they were squatting down and up again likie a monkey and she didn't realize until she left the store that they were playing peek-a-boo with you...... As an artifact you might provide a picture of you as a toddler, a toy car (that was stuck up your nose =), a journal article about Piaget's stages of cognitive development, first aid card showing the Heimlich, pic of Aunty who did the Heimlich, etc.

You are encouraged to use this project as an opportunity to apply what you have learned in this course to your personal life and experiences to gain deeper insight and understanding of both the material and your own development.
