COURSE TASKS

A. EXAMS (40%, 400 points of total grade):

Complete one Midterm examination and one (1) Final examination covering assigned readings, class activities, discussions, lectures, videos, handouts, assignments, etc. Each Exam will consist of Multiple Choice, True-False, Fill in the Blank, Short Answer, and Essay questions.

EXAM	DATES:	MATERIAL	%/POINTS possible
Midterm	Tuesday, Oct. 24 th	Chapters 1-13	20%/ 200pts
Final	Thursday, Dec. 14 th	Chapters 14-Ep	20%/ 200pts

Do not miss exams. Fairness in testing depends on students having equal preparation opportunities. Consequently, make-up tests will be allowed **ONLY** in the event of a genuine family or medical **EMERGENCY** with appropriate documentation. In the event of an emergency, the instructor must be notified **IN ADVANCE** of the exam, unless absolutely impossible. If the instructor is not notified of the emergency prior to the start time of the exam, and/or appropriate documentation of proof of emergency is not provided, the student will receive a zero for that exam.

Routine appointments are not emergencies, and should be scheduled outside of class hours. In case of emergencies, it is the responsibility of the student to contact the instructor before class begins, in order for the student to avoid penalty.

B. PARTICIPATION / ATTENDANCE : (10%, 100 points of total grade):

Each student will be expected to participate in specific activities each week. Activities are designed to complement information in the text. Optimal learning will require preparation outside of class and sharing the work product or information in class group discussion. It is important to **plan ahead** to make certain you complete the work required to be done outside of class so you are ready to share with the class at the time the topic is discussed. Because the activities are planned in-class group learning opportunities, there are no make-up opportunities for these activities.

Each student is viewed as a Learner/Peer Teacher. Your shared observations, knowledge, skills, questions, and responsive listening are valued and contribute to a positive learning environment. Consequently, it is important that every student attend class to contribute to the interactive learning that is an important part of every class. **To receive credit** for participation, each student will need **to be present for the entirety of the class and actively participate.**

C. INSTRUCTOR QUIZZES (10%, 100 points of total grade):

Quizzes will be administered on a variable interval schedule of reinforcement. Quiz content may include material covered in required reading for the current class and instruction/reading from previous classes. Quizzes will be administered at the moment class begins and will take approximately five minutes or less to complete. If the student is not present at the time of the quiz, s/he will receive zero points. There are **NO MAKE-UPS** for quizzes. Quizzes are motivation for preparatory reading, studying, and on-time attendance in class and students must be present to participate in the quiz.

D. "What I Have Learned" TERM PAPER (10%, 100 pts of total grade):

This project should be taken seriously! This activity is to aid the student in developing a comprehensive understanding of developmental theory through meaningful thought and real-life application, while completing a college level literary project. Your work quality and professional presentation is expected to be at college level performance. To be successful in this segment of the course, students need to start early and work each week to complete this project. See rubric for additional instructions on project requirements. **Because this is a semester long project, there is no excuse for a late paper. LATE PAPERS will not be accepted.**

E. HOMEWORK ASSIGNMENTS (10%, 100 pts of total grade):

For various chapters throughout the semester, homework will be assigned. Homework might include viewing videos online and answering critical thinking questions posed by your instructor, journaling assignments, worksheets, self-assessments, lecture notes for in-class presentations, etc.

Homework will be assigned in class throughout the semester.

F. CHAPTER PRESENTATION PROJECT (20%, 200 pts of total grade):

The class will be separated into chapter teams to present a specific chapter from the text on specific days. Team and chapter selection method will be discussed on Day 2 of class. The chapter presentation must be at least 45 minutes in length, be accompanied by handouts of presented chapter material, and be completely presented through active participation of entire class. Additional instructions will be provided in class. Grade is based on Instructor Rubric and takes into account information presented in the Teammate/Partner Rubric, but only as deemed appropriate by instructor.
