Chemistry and Society Laboratory
CHEM100L, CRN: 60167
Fall 2021

CLASS INFORMATION
Asynchronous online
Course Site on Laulima

INSTRUCTOR INFORMATION
Instructor: Martine Bissonnette
Office: ‘Imiloa, 132
In-person Office Hours: Cancelled due to COVID-19
E-mail: martineb@hawaii.edu
Virtual Office: Zoom appointments available upon request

WINDWARD COMMUNITY COLLEGE MISSION STATEMENT
Windward Community College offers innovative programs in the arts and sciences and opportunities to gain knowledge and understanding of Hawai‘i and its unique heritage. With a special commitment to support the access and educational needs of Native Hawaiians, we provide the Koʻolau region of O‘ahu and beyond with liberal arts, career and lifelong learning in a supportive and challenging environment — inspiring students to excellence.

SYLLABUS CHANGE POLICY:
Information contained in the course syllabus may be subject to change with reasonable advance notice, as deemed appropriate by the instructor. Updates to the syllabus will be communicated via email.

About This Course
Laboratory experiments illustrating fundamental principles of chemistry.

Pre-Requisite(s): Credit for or registration in CHEM 100.

Course Learning Outcomes
After successfully completing this course, you will be able to:

1. Identify/locate laboratory safety equipment and apply laboratory safety procedures
2. Construct molecular models to determine molecular shape and properties.
3. Assemble apparatus to perform common laboratory techniques to verify fundamental chemistry principles in everyday life.
4. Make and record accurate observations and precise quantitative measurements.
5. Synthesize conclusions based on observations and data in a formal laboratory report.
6. Identify sources of error in laboratory experiments.
Course Format

The course consists of 12 experiments, one mid-term, and one final exam. Each weekly lab will be conducted in an asynchronous manner – students can select their own time to perform their tasks. Tasks don’t have to be completed in one sitting and can be spread out throughout the week. However, students should allocate at least 3-5 hours to complete each lab experiment and submit related assignments within the timeframe indicated in the course schedule. Some experiments have to be conducted over a few days so it is advisable to read the experiment at the beginning of the week to ensure enough time is allowed for timely completion.

Tasks will be available on Monday mornings at 8:00 am and must be completed by 11:59 pm the following Monday. Each experiment will consist of the following tasks.

1. Background information reading and viewing of videos.
2. Online simulation activities and/or hands-on experiment with photographic evidence posted online (details provided for each experiment).
3. Assignment
4. Answer post-lab questions or produce a formal lab report.

Required Materials

Students must have the following:

- Computer or tablet with high-speed internet connection
- Access to Laulima website.
- Google doc access or Microsoft Word and pdf reading software (Adobe)
- Chemistry 100L Notes – will be provided by instructor via Laulima
- Chem 100 class notes (from co-requisite class)
- Scientific calculator, and optional safety goggles and gloves.
- Basic supplies to conduct experiments (see detailed list under Orientation tab – estimated cost $50.
- Phone, camera or tablet to take photographs and upload to Laulima

Course Policies

Communication

Participating in our Learning Community
A forum will be set up to post answers to questions that may benefit everyone in the class. Students can use the forum to post and answer questions. Your instructor will usually send a weekly email to provide specific instructions about the week’s experiment.

Contacting the Instructor
Students can communicate with the instructor via Laulima e-mail, or university e-mail. Messages will be answered within 24 hours during the week or within 48 hours on weekends and holidays.

Alternative Contact
If you are unable to contact the instructor, have questions that your instructor cannot answer, or for any other issues, please contact the Academic Affairs Office:

Location: Alakai 121
Phone: 808-235-7422
Email: wecaa@hawaii.edu

Attendance & Grading

Attendance/Participation
Students are expected to complete the work associated with each week’s experiment within the allocated time frame.
Evaluation and Feedback
The instructor will attempt to grade work and provide feedback within two weeks.

Late Work
A 10% per day penalty will be applied to all late work (maximum 30% penalty). No work will be accepted later than one week after the due date unless there are specific circumstances and you have notified the instructor prior to the initial due date. Work can be submitted until 11:59 pm on the due date without late penalty.

Exams
There will be two exams, each covering about half of the course. Each exam will be administered online over a set period of 90 minutes. The final exam will not be cumulative.

Weekly Experiments - Recipe for Success
● Check the Laulima homepage every Monday morning for announcements and important information.
● Check your email regularly as this will be our main communication tool.
● Do not try to complete the experiment without reviewing the background information, it is rarely a good strategy.
● Although you will not be using hazardous chemicals, some substances may splash and cause irritation (for example, vinegar). Thus, you should take adequate precautions and wash your hands thoroughly with soap and water after each experiment.

Grade Composition
The Final Grade will be based upon a possible total of 585 points.

1. 11 Experiments with photo evidence and post-lab questions (35 points each) – 385 points
2. 1 Formal Lab Report (50 points) – 50 points
3. 2 Exams (75 points each) – 150 points

Students can check their grades and examination scores on the Laulima Gradebook at any time.

Final Grade
Grades of I, W, CR, CN are described in the current college catalog. The last day for withdrawals (W, CR, CN) is November 1, 2021, after that date, the instructor will sign withdrawals only in cases of extreme or unusual circumstances, such as 1) a certified medical reason, or 2) a death in the immediate family. Grade-related excuses are unacceptable. Students who no longer attend class and who DO NOT OFFICIALLY WITHDRAW from the course will receive “F” grades.

Students must present the "Request for Incomplete" form to their instructor prior to the last day of instruction. "I" grades will be given only to students who are achieving passing grades and are very close to completing the course. Only serious reasons will be accepted (listed under the withdrawal policy).

You will receive a letter grade based on the following scale:

Letter Grades and Percentage Ranges
A = 90-100%
B = 80-89%
C = 70-79%
D = 60-69%
F = 0-59%
Tentative Course Schedule

The following schedule is subject to change. Should changes occur, you will be notified by email. Please note the highlighted entries for the mid-term and final exams.

Institutional Information

Please review the following institutional policies:

Student Responsibilities

- Students should allocate 3-5 hours per week to complete each experiment.

- UH Policy on Email Communication
  The electronic communications policy adopted in December 2005 establishes the University of Hawai‘i Internet service as an official medium for communication among students, faculty, and staff. Every member of the system has a hawaii.edu address, and the associated username and password provide access to essential Web announcements and email. You are hereby informed of the need to regularly log in to UH email and Web services for announcements and personal mail. Failing to do so will mean missing critical information from academic and program advisors, instructors, registration and business office staff, classmates, student organizations, and others.

- Academic Honesty
  In cases of suspected or admitted academic dishonesty, the instructor involved shall attempt to discuss the matter with the student. The instructor may bring the matter to the attention of the departmental chairperson for consultation. The instructor may require the student to redo the assignment, give a failing or reduced grade for the course, and/or refer the student to the Vice Chancellor for Student Affairs or
designee through the Department Chair for possible college action under the Student Conduct Code. The Vice Chancellor for Student Affairs or designee shall pursue such cases to determine appropriate disciplinary actions if, after a preliminary investigation, it is his/her determination that probable cause exists to establish that an act of academic dishonesty took place.

College Policies

● Disabilities Accommodations
If you have a physical, sensory, health, cognitive, or mental health disability that could limit your ability to fully participate in this class, you are encouraged to contact the Disability Specialist Counselor to discuss reasonable accommodations that will help you succeed in this class. Roy Inouye can be reached at (808) 235-7448, royinouy@hawaii.edu, or you may stop by Hale Kāko‘o 106 for more information. You shall also inform your instructor at the beginning of the semester; that information will remain confidential.

● Sex Discrimination and Gender-Based Violence Resources (Title IX)
Windward Community College is committed to providing a learning, working, and living environment that promotes personal integrity, civility, and mutual respect and is free of all forms of sex discrimination and gender-based violence, including sexual assault, sexual harassment, gender-based harassment, domestic violence, dating violence, and stalking.

If you or someone you know is experiencing any of these, WCC has staff and resources to support and assist you. To report an incident of sex discrimination or gender-based violence, as well as receive information and support, please contact one of the following:

Kaahu Alo, Student Life Counselor & Designated Confidential* Advocate for Students
Phone: (808) 235-7354
Email: kaahualo@hawaii.edu
Office: Hale ʻĀkoakoa 232
*confidentiality is limited

Desrae Kahale, Mental Health Counselor & Confidential Resource
Phone: (808) 235-7393
Email: dkahale3@hawaii.edu
Office: Hale Kāko‘o 101

Karla K. Silva-Park, Title IX Coordinator
Phone: (808) 235-7468
Email: karlas@hawaii.edu
Office: Hale ʻĀkoakoa 220

As a member of the University faculty, I am required to immediately report any incident of sex discrimination or gender-based violence to the campus Title IX Coordinator. Although the Title IX Coordinator and I cannot guarantee confidentiality, you will still have options about how your case will be handled. My goal is to make sure you are aware of the range of options available to you and have access to the resources and support you need.

For more information regarding sex discrimination and gender-based violence, the University’s Title IX resources and the University’s Policy, Interim EP 1.204, go to manoa.hawaii.edu/titleix/.
