A. PARTICIPATION / ATTENDANCE [14%, 140 points of total grade]:
Each student will be expected to participate in lectures and activities each class, via ZOOM. It is REQUIRED that students have their CAMERA ON during ZOOM class. MAKE SURE YOUR ZOOM ID/USER NAME IS YOUR REGISTERED NAME! The instructor is not responsible for trying to figure out which student belongs to “808sk8r.”

To receive credit for participation, students need to be present for the entire class and actively PARTICIPATE! Attendance logs in ZOOM will report each student present, how long each student attended, and if a student leaves and/or rejoins a class, and for how long. Attendance will be recorded using this tool; I will personally make participation notes. If a student has technical difficulties or loses connection, it is the student’s responsibility to rejoin the class. The student’s camera must be on, with the student visibly participating in class, in order for the student to receive participation/attendance credit for that class. Students must take measures to ensure their internet connection is strong enough to sustain a video feed. The instructor is not responsible for a student’s weak internet connection.

Lectures and activities are designed to complement information in the text. Optimal learning will require preparation outside of class and sharing the work product or information in class group discussion. It is important to plan ahead to make certain you complete the work required to be done outside of class so you are ready to share with the class at the time the topic is discussed. Because the activities are planned in-class group learning opportunities, there are no make-up opportunities for these activities.

Each student is viewed as a Learner/Peer Teacher. Your shared observations, knowledge, skills, questions, and responsive listening are valued and contribute to a positive learning environment. Consequently, it is important that every student attend and contribute to the interactive learning that is an important part of every class. Routine appointments should be made outside of class time.

B. Weekly Homework ASSIGNMENTS [260 pts; 26% of total grade]:
For various chapters throughout the semester, assignment tasks are provided to enhance understanding and apply learning. Assignments can be found in LAULIMA: ASSIGNMENTS, TESTS, AND SURVEYS. A Master List of Assignments is included with this syllabus, and may also be accessed via LAULIMA/SYLLABUS.

*Note: NOT ALL CHAPTERS HAVE ASSIGNMENTS.

For each chapter assignment, you must complete a few brief questions or task in the LAULIMA: ASSIGNMENTS, TESTS, AND SURVEYS section of your Laulima site (worth 10 pts each). Assignments may include completion of charts, worksheets, watching videos, and/or answering critical thinking questions, etc. For many assignments, in order to answer the critical thinking question(s) and get credit, you must first watch a specified video in LAULIMA/RESOURCES/ASSIGNMENTS_AND_VIDEOS. Some assignments REQUIRE hand-written creations, such as creating tables. When hand-written, the work MUST be neat and legible or zero points will be given. Then you may upload a picture or scan of your hand-made creation in .jpg or .pdf format. Other formats may not be viewable and will result in zero (0) points.

You will first log in to LAULIMA, click on the “ASSIGNMENTS, TESTS, AND SURVEYS” link from your left side menu, and open the chapter due. The assignment description(s) will indicate the correct “assigned” Video(s) and/or Activity(s) you must complete. Upon completion of the activity, you will log back in to LAULIMA’S ASSIGNMENTS, TESTS, AND SURVEYS to answer the question(s) posed, and/or upload a picture or scan of your hand-made assignment. A master “List of Assignments” is also provided in LAULIMA: ASSIGNMENTS, TESTS, AND SURVEYS, LAULIMA: RESOURCES, and attached to this syllabus. To get credit, assignment questions MUST be submitted in the ASSIGNMENTS, TESTS, AND SURVEYS section of LAULIMA by the due date/time. Emailed assignments or assignments submitted in another area of the Laulima site will NOT be accepted.

ASSIGNMENTS ARE DUE BEFORE CLASS BEGINS! Late assignments will not be accepted. Additional details and feedback will be provided in LAULIMA: ANNOUNCEMENTS or in class.

*EXTRA CREDIT*
Some of the chapters have EXTRA CREDIT activities “assigned” in LAULIMA: ASSIGNMENTS, TESTS, AND SURVEYS. There are six (6) extra credit “assignments” scattered throughout the first ten chapters. Extra credit assignments are NOT required. If you wish to receive Extra Credit, these assignments must also be submitted directly through LAULIMA’S ASSIGNMENTS, TESTS, AND SURVEYS by the chapter due date. Extra credit assignments are worth a possible five (5) points each—half the points of regular assignments—for a possible 30 points total of extra credit. THIS IS THE ONLY EXTRA CREDIT OFFERED FOR THIS COURSE!
C. Chapter QUIZZES [280 pts; 28% of total grade]:
Quizzes will be made available within two weeks prior to the due date in LAULIMA: ASSIGNMENTS, TESTS, AND SURVEYS. Each week the student is expected to complete reading of the assigned chapter(s) and then complete the quiz(s) for the assigned chapter(s) before the stated deadline. Each individual chapter quiz will consist of 10 randomly chosen multiple choice and true/false questions. Students may take and retake chapter quizzes up to three (3) times to achieve a desired score; however, as questions are randomly chosen from a large database, the questions on each quiz retake will differ from the previous quiz questions for the same chapter. Students are NOT permitted to use books or notes during the quizzes. These quizzes are timed.

Students may complete the reading and quizzes, in order, at a faster pace if they so desire; however, in the interest of proficient grading and to motivate students to ration work efficiently, all quizzes (including retakes) must be completed BEFORE the stated deadline. Any quizzes posted past the deadline, without explicit permission from the instructor, will be manually rescored to “0;” Late quizzes will not be permitted.

Each chapter quiz is worth a possible total of 10 pts x 26 chs (+20 pts for the Syllabus Quiz), for a total possible 280 points. See attached schedule, online schedule, and individual quizzes for completion deadlines.

D. EXAMS [200 pts; 20% of total grade]:
Exams will be made available two weeks prior to the due date in LAULIMA: ASSIGNMENTS, TESTS, AND SURVEYS. Complete a Midterm examination and a Final examination, covering assigned readings, class activities, discussions, lectures, videos, handouts, assignments, etc. Each Exam will consist of 100 Multiple Choice and True-False questions. Students may take and retake the Midterm and the Final Exam up to three (3) times each, to achieve a desired score; however, as questions are randomly chosen from a very large database, the questions on each exam retake will differ from the previous exam questions for the same exam. Students are NOT permitted to use books or notes during the exams. These exams are timed.

Students may complete the exams before the due date if they so desire; however, in the interest of proficient grading and to motivate students to ration work efficiently, all exams (including retakes) must be completed BEFORE the stated deadline. Any quizzes posted past the deadline, without explicit permission from the instructor, will be manually rescored to “0.”

Do not miss exams. Fairness in testing depends on students having equal preparation opportunities. Consequently, make-up tests will be allowed ONLY in the event of a genuine family or medical EMERGENCY with appropriate documentation. In the event of an emergency, the instructor must be notified IN ADVANCE of the exam, unless absolutely impossible. If the instructor is not notified of the emergency prior to the DEADLINE of the exam, and/or appropriate documentation of proof of emergency is not provided, the student will receive a zero for that exam.

Routine appointments are not emergencies, and should be scheduled outside of time needed to complete course requirements. In case of emergencies, it is the responsibility of the student to contact the instructor BEFORE the due date, in order for the student to avoid penalty. Late exams will not be permitted.

E. TEAM PRESENTATION [120 pts; 12% of total grade]:
The class will be separated into teams to present a specific chapter from the text, on specific days. Team selections will be made after the midterm. The chapter presentation should be approximately 45 minutes in length, be accompanied by handouts of presented chapter material, and be completely presented through active participation of the entire class. Additional instructions will be provided in class. Grade is based on Instructor Rubric; and takes into account information presented in Teammate Rubrics, but only as deemed appropriate by instructor.

Windward Community College is an equal opportunity, affirmative action institution.

## ADDITIONAL INFORMATION

### MODES OF INSTRUCTION:
This is an ONLINE SYNCHRONOUS course. That means it is scheduled at a specific time to meet. Assigned readings, discussion, video activities, worksheets, and assignments, community field observations, peer teaching, online and interactive engagement, quizzes, and exams, and lectures are designed to be mutually complimentary. Although the main concepts in human development throughout the lifespan will be covered, not all important information from your text will necessarily be discussed in class activities. The text and class activities are mutually complementary, meaning they overlap. Students are responsible for the information presented in all domains, and are encouraged to further research any concepts that are not fully understood.

### ABSENCES:
As stated in “Course Tasks, A,” attendance and participation are crucial to the interactive learning environment and routine appointments should be scheduled outside of class time. However, it is understood that occasionally an unforeseeable event might occur (illness, technical difficulties, children issues, etc.); therefore, as a courtesy, students are allowed to “make up” attendance/participation for up to two (2) absences. You may make up an absence by taking comprehensive HAND-WRITTEN notes on assigned reading. Attendance make up notes should contain a summarized understanding of concepts, theories, and terminology throughout the assigned chapter reading for that day; simply copying terms and definitions will NOT be accepted. Basically, if I can see that you read an understood the material to be covered that day, I can pretend you were there. To receive absence make up credit, attendance make up notes must be submitted to your instructor, via email, within one week of your return. Any missed quizzes or exams will NOT be made up. There are certain days where scheduled activities are not conducive to make up work and cannot be made up. Doctor notes will NOT excuse an absence. Your instructor reserves the right to rescind this courtesy at any time.

### REQUEST FOR Cr/N GRADES:
Requests for Credit/No Credit grades, as opposed to the traditional A-F grades, must be made by the official withdrawal date (see registrar for date) directly through the registrar’s office.

### LATE WORK:
As stated in “Course Tasks, A - D,” late work will not be permitted or accepted. If you foresee you may be unable to complete coursework according to the schedule, you may submit assignments on an earlier date. Emailed assignments will NOT be accepted.

### ACADEMIC INTEGRITY
Academic dishonesty cannot be condoned by the University. Such dishonesty includes cheating and plagiarism (examples of which are given below) which violate the Student Conduct Code and may result in receiving zero points for an assignment, failing an exam, failing the class, and expulsion from the University of Hawaii.

**Cheating:** Cheating includes but is not limited to copying another student’s work, giving unauthorized help during an examination, obtaining unauthorized information about an examination before it is administered, using inappropriate sources of information during an examination, altering the record of any grades, altering answers after an examination has been submitted, falsifying any official UH record, and misrepresenting the facts in order to obtain exemptions from course requirements.

**Plagiarism:** Plagiarism includes but is not limited to submitting any document to satisfy an academic requirement that has been copied in whole or part from another individual’s work without identifying that individual; neglecting to identify as a quotation a documented idea that has not been assimilated into the student’s language and style, or paraphrasing a passage so closely that the reader is misled as to the source; submitting the same written or oral material in more than one course without obtaining authorization from the instructors involved.

All cases of academic dishonesty are referred to the Vice Chancellor for Student Affairs.

** THIS IS AN ACCELERATED COLLEGE COURSE and REQUIRES DEDICATION TO YOUR STUDIES TO PASS and SUCCEED. On average, regular 16 week courses require 8 hours per week dedicated to each course. Since this is an 8 week course, you should expect twice that.

*** ASSIGNMENTS MUST BE COMPLETED BY THE DUE DATE/TIME! YOU ARE ENCOURAGED TO COMPLETE ASSIGNMENTS BEFORE THESE DUE DATES/TIMES. Due dates/times are DEADLINES; meaning all work should be completed and submitted BEFORE this time on this date. Homework assignments and chapter quizzes are due to be completed no later than the start of class on the date due; no exceptions. Start early and strive to complete your work on time. See your schedule for due dates/times specific to exams.

**** DEADLINES WILL BE STRICTLY ENFORCED; LATE SUBMISSIONS WILL NOT BE ACCEPTED. Laulima is programed to conclude quizzes and exams at the exact moment they are due. Homework assignments shut down at the moment due, ad if you have not clicked “submit” AND “finish” before the exact moment it is due, your work will be lost.
IMPORTANT:
*For all assignments, you must first read the chapter in your text. Then, reference your assignment from this list for specific completion requirements and details. Then you must Log in to LAULIMA: RESOURCES and watch any assigned videos or complete any assigned worksheets/tables/etc. After you complete the activities in LAULIMA: RESOURCES, you will log in to LAULIMA: ASSIGNMENTS, TESTS, AND SURVEYS to submit your answer to my critical thinking question and/or upload your assignment.

**If Laulima experiences an error while you are typing your answer, once you hit submit you will lose your work; so, it is recommended that you type answers into a word processing program, save, then copy/paste into Laulima’s “Assignments, Tests, and Surveys” to submit to your instructor.

***Keep saved assignments in a file for future reference, studying, and “just in case.”

****Late assignments will not be accepted. Please see schedule for due dates/times.

***** Read any Announcements already posted. You are encouraged to check announcements weekly for important course/assignment update information.

FOR ASSIGNMENTS: Do your chapter reading BEFORE completing these assignments!
- Complete each assignment according to the instructions below.
  - For critical thinking questions, you must type (or copy/paste from your word processor) your answers DIRECTLY into the assignment answer field. Do NOT try to ATTACH your answer as a word processing document. It is cumbersome and effects grading efficiency, I am unable to open certain types of files, there are often formatting issues; therefore, any answers submitted as attachments for these types of assignments will NOT be accepted or graded.
  - Some assignments (ie: tables) require it be hand written (computer models will not be accepted for these). Please either take a picture or scan your handwritten work. For these assignments, you may upload the picture in common file formats (.jpeg, .pdf, .doc, etc.).
  - Make sure you do not write any information word for word from another source (see section on Academic Dishonesty in your syllabus).
- Submit your assignments before the due date/time it is due.
  - Please see schedule for due dates.
  - Late assignments are generally not be accepted.
  - Early assignments are accepted and encouraged, but may or may not be graded early.
  - Save assignments for future reference and studying.

NOTE: Assignment Credit and Course Extra Credit
- Each regular assignment is generally worth a maximum 10 pts, unless otherwise stated.
  - Twenty six (26) regular assignments (completed correctly and in full) x 10pts = 260 pts Assignment Credit.
- Each extra credit assignment is generally worth a maximum 5 pts; unless otherwise stated.
  - Six (6) extra credit assignments (completed correctly and in full) x 5pts = 30 pts Overall Course EXTRA CREDIT.
  - Extra credit can be earned up to (but not exceeding) 30 pts;
  - This is the ONLY extra credit offered for this course.
- Students must complete all regular and extra credit course assignments as necessary to acquire a maximum 290 points total.
