**CATALOG DESCRIPTION**

Introduction to accounting theory and methods used to record and report financial information according to generally accepted accounting principles.

The student learning outcomes are:

1. Describe and understand the nature, environment and role of accounting as it relates to individuals, business organizations, and the business community.
2. Analyze, record, and report the business activities and transactions of a service and/or merchandising type organization using generally accepted accounting principles (GAAP).
3. Understand and describe what internal controls are, including its basic components and limitations, and apply internal control activities in the control of cash and merchandising transactions.
4. Apply GAAP in accounting for financial assets and liabilities including, but not limited to, short-term financial assets, inventories, long-term assets, and current liabilities.

## Activities Required at Scheduled Times Other Than Class Times

Course work will be facilitated and completed using a combination of the University of Hawaii Lulima course management website and **MyAccountingLab**. Either medium may be used to administer examinations, and students may be required to coordinate one, or more, of their test taking sessions with a qualified testing center. All assigned homework is hosted at the **MyAccountingLab** companion site. The course ID for this site is **hanson63030** and the site is titled **ACC 201 Intro to Financial Accounting**. You will access this site as follows:

The digital access for the course is being delivered through our bookstore's Interactive Digital Access Program (IDAP). The cost of the digital materials will automatically be charged to your student account at a deeply discounted price. You are responsible for paying for charges applied to your student account. The MyAccountingLab access is being delivered through [www.myaccountinglab.com](http://www.myaccountinglab.com).

## INSTRUCTIONS FOR USING VITAL SOURCE TO ACCESS MYACCOUNTINGLAB AND THE ETEXT

Here image from Lulima of the Vital Source link. Once you click on this link, you will be prompted by the system to register in the MyAccountingLab course. As you walk through the steps at Vital Source, be sure you are registered in the **hanson63030** course.

You will have the opportunity to opt out of the IDAP program, but either way, you are required to have access to the MyAccountingLab course material at the course ID **hanson63030**. If you do choose to opt out, you will need to work directly with Pearson to obtain the course material.

## STUDENT LEARNING OUTCOMES

The student Learning Outcomes are listed above in the Catalog Description category of this syllabus.

## COURSE CONTENT

The course's content is aimed at exposing the student to the accounting and the business environment by introducing the processes involved in recording business transactions, executing the adjustment process, and completing the accounting cycle. Course content introduces accounting concepts using a service business model and later details accounting processes involved in merchandising operations, including the recordkeeping involved with a business that maintains merchandise inventory. The course's content also includes: Internal control, as it applies to cash; accounting for

receivables, plant assets & intangibles, current liabilities & basic payroll, long-term liabilities, bonds payable, corporations; and the financial statement classification for all said items.

## COURSE TASKS

1. Since accounting has been defined as the language of business, students will be expected to:
  - a. Learn and understand basic accounting terminology.
  - b. Analyze basic transactions in terms of debits/credits.
  - c. Journalize transactions.
  - d. Post transactions.
  - e. Prepare a trial balance.
  - f. Schedule accounts receivables & payables.
  - g. Complete a worksheet.
  - h. Prepare financial statements.
  - i. Journalize & post adjusting/closing entries.
  - j. Prepare a post-closing trial balance.
  - k. Use online tools such as Laulima and MyAccountingLab.
2. Correctly answer at least 60% of all questions on the Quizzes and Tests.
3. Score at least 60% on all assigned homework.
4. Participate in team forum discussions, helping to create weekly questions to ask the instructor.

## ASSESSMENT TASKS AND GRADING

1. To pass the course, you must complete “Course Tasks” 1. through 4.
2. Available Course Points are as follows:

<u>Assignment</u>	<u>Available Points</u>
Homework	50
Quizzes	10
Midter Exam	10
Final Exam	10
Discussion & Participation	10
Accounting Cycle Tutorial	10
<b>Total Available Points</b>	<b>100</b>

### **HOMEWORK (50 Points Overall)**

Assigned homework must be submitted via the **MyAccountingLab** online portal. **MyAccountingLab** allows you multiple attempts at each homework problem. The student is given the whole summer session to complete all of the homework assignments. Because it is very easy to fall behind to a point where catching up is extremely difficult, you are strongly encouraged to pace your homework completion to follow the progression of the topics as listed in the course schedule (see the last page of the syllabus). Your final homework grade will be determined using an export of your

homework scores from **MyAccountingLab** on **October 14, 2022 at 5:00pm**. Any homework that is submitted after **October 14, 2022 at 5:00pm** will not be considered when computing your overall course grade.

The overall homework score is computed by averaging all of your chapter homework percentage scores and multiplying that average by 50 points. For example, assume that a student had the following percentage scores for each assigned chapter:

Chapter 1 80%	Chapter 2 90%	Chapter 3 75%	Chapter 4 100%	
Chapter 5 50%	Chapter 6 95.5%	Chapter 7 82.3%	Chapter 8 77%	
Chapter 9 79.2%	Chapter 10 100%	Chapter 11 45%	Chapter 12 90%	Chapter 13 56%

This student's overall homework grade would be computed as follows:

1) Totaling All the Chapter Percentage Scores  $(80\% + 90\% + 75\% + 100\% + 50\% + 95.5\% + 82.3\% + 77\% + 79.2\% + 100\% + 45\% + 90\% + 56\%) = 1020\%$

2) Dividing the Total of the Chapter Percentage Scores by 13 (the number of assigned chapters) to get the average homework percentage score:

$$1020\% / 13 \text{ Chapters} = 78.46\% \text{ average homework score}$$

3) Multiplying the average homework percentage score by 50 possible homework points to get the overall homework grade:

$$78.46\% \times 50 \text{ possible homework points} = 39.23$$

If you need to get an idea of your homework grade throughout the session, use the above example

### **QUIZZES (10 Points Overall)**

In MyAccountingLab, you will find a chapter quiz for each assigned chapter. You are required to take the chapter quiz once you have completed the homework for the chapter. Your final points for quizzes will be determined using an export of your quiz scores from **MyAccountingLab** on **October 14, 2022 at 5:00pm**. Any quizzes that are submitted after **October 14, 2022 at 5:00pm** will not be considered when computing your overall course grade.

The overall quiz score is computed by averaging all of your chapter quiz percentage scores and multiplying that average by 10 points. If you need to determine your quiz score over the session, you can use the example in the Homework section above to compute your overall quiz grade by substituting 10 points for the 50 points listed above.

### **MIDTERM & FINAL (10 Points Each)**

The midterm and final exams may be proctored exams. At approximately one (1) week prior to each exam, the instructor will notify of the areas that you need to focus on to be successful at the exam, the duration of the exam, other logistics of the exam including whether the exam is a proctored or non-proctored test. Students will be given a one (1) week window to complete each exam.

Your exam scores are computed by multiplying your exam percentage score from MyAccountingLab by 10 points for each exam. For example, if a student scored 83.2% on their midterm, they would receive 8.32 points for their midterm grade, computed as  $83.2\% \times 10 \text{ points} = 8.32 \text{ points}$ .

**DISCUSSION & PARTICIPATION (10 Points)**

The course is 8 weeks long, starting on August 23, 2021 and ending on October 15. Students are required to participate in weekly group discussions in Laulima. These discussions are to be held in Laulima under Forums. Each student in a forum must show substantial interaction with his/her fellow teammates by posting and responding in the Laulima forum. The discussion should focus on the course material.

To receive the full 10 points for discussion and participation, a student must:

- 1) Make the minimum individual posting to each week's discussion forum (see instructions in each forum).
- 2) Respond to a fellow classmate in each week's discussion forum.

**ACCOUNTING CYCLE TUTORIAL (10 Points)**

The instructor has assigned an accounting cycle tutorial in MyAccountingLab. This tutorial covers much of the material in chapters 1 through 4. Because completing the accounting cycle is a critical skill of any accounting, the tutorial will give you more in depth knowledge of the process involved.

Your Accounting Cycle Tutorial score is computed by multiplying your Accounting Cycle Tutorial percentage score from MyAccountingLab by 10 points. For example, if a student scored 90% on their Accounting Cycle Tutorial, they would receive 9 points for their Accounting Cycle Tutorial, computed as  $90\% \times 10 \text{ points} = 9 \text{ points}$ .

**OVERALL GRADE (100 Points Available)**

Students' individual letter grades will be given at **the end of the course** and will be based on their overall accumulation of earned points as detailed above. **Note: Percentages and points shown at the Laulima website, and at the MyAccountingLab website, are unofficial, and may differ significantly from the student's final course grade. Students who wish to assess their progress during the semester should use the computation guidance provided above for each assignment category.** Letter grades will be assigned to students based on overall percentage scores as follows:

A	90 POINTS OR MORE
B	BETWEEN 80 POINTS AND 89 POINTS
C	BETWEEN 70 POINTS AND 79 POINTS
D	BETWEEN 60 POINTS AND 69 POINTS
F	BELOW 60 POINTS
I	Incomplete may be given as a temporary grade if a student fails to complete a small part of the course because of circumstances beyond his or her control. The student is expected to complete the course by the designated deadline in the succeeding semester. If this is not done, the I grade will revert to the contingency grade identified by the instructor.
W	Withdrawal grade will only be given if official withdrawal is processed according to published procedures. (See current schedule and college catalog)
CR/NC	The Credit / No-Credit option is available for this course. Check with Admissions and Records if this is what you decide to do.

## ADDITIONAL INFORMATION

- Deacon Hanson holds a BBA and a MAcc from the University of Hawaii and is licensed in Hawaii as a Certified Public Accountant (not in public practice).
- The course has been designed to reward students for their perseverance and hard work. Multiple attempts are provided for the homework, and homework is the biggest percentage of a student's overall grade. Students are encouraged to work, and re-work homework as many times as necessary to master the material.
- Students should use the Overall Grading section of this syllabus to calculate their current overall grade as the semester progresses. If you have questions on how to do this, please contact the instructor.
- MySuccess: Students may be referred for extra help or advising through MySuccess. Students can also explore resources at MySuccess.Hawaii.edu and [windward.hawaii.edu/MySuccess](http://windward.hawaii.edu/MySuccess)
