## Windward Community College Mission Statement

Windward Community College offers innovative programs in the arts and sciences and opportunities to gain knowledge and understanding of Hawai‘i and its unique heritage. With a special commitment to support the access and educational needs of Native Hawaiians, we provide O‘ahu’s Ko‘olau region and beyond with liberal arts, career and lifelong learning in a supportive and challenging environment — inspiring students to excellence.

## Catalog Description

This course provides individual instruction in dance, covering intermediate and advanced performance techniques taught to each student's individual level. Applied dance is a performance course. The emphasis will be toward developing performing skills from a wide range of methods and training. The goal is to facilitate student dancers in attaining a level of confidence and skill that allows for consistently powerful and effective performances. This course may be repeated for up to 4 credits.

## Student Learning Outcomes

Upon completion of the course, the student will be able to:

1. Incorporate theoretical concepts in dance performance  
2. Perform dance choreography.  
3. Demonstrate professional performance practices.

## Course Content

All classes will follow a similar structure, with exercises, phrases, sequences, combinations and studies taught over a number of weeks to enable students to develop physical skills, increase movement memory and challenge their abilities. If students have not had any dance or movement training before starting this unit, they will need to develop basic skills in the first few weeks, for example, establishing correct posture, alignment, distribution of weight, correct positioning of the feet and arms. During the course exercises will increase in complexity giving students the opportunity to develop their skills further. This unit will provide students with a solid foundation in technique and the opportunity to experience the ways in which dancers are committed to regular technique class, training and evaluation in order to maintain their artistic ‘tools’
or bodies. It is important to allow students to build up their knowledge of contemporary
dance over the course of the unit allowing time for corrections, evaluations and target
setting to come into effect. Students also need to understand the disciplined way in
which a technique class works and demonstrate an improved and developed technique
over the course of the unit.
Tutors might like to introduce a variety of styles to enable learners to have a broader
understanding of contemporary dance and its many influences. As is often the case the
tutor may deliver a class that ‘borrows’ from a whole host of contemporary dance styles
that could be appropriate as long as all the unit outcomes are addressed.

COURSE TASKS

A. **Reflection**: Students will be required to book and attend at least 3 one to one
sessions with their teacher throughout the semester to discuss their progress.
This will no simply consist of tutor feedback but will be a two-way discussion.
Students are required to identify their strengths and weaknesses in reference to
defined balletic practical activity so that they can develop their technical skills.
The teacher and student will work together to achieve the goals set in these
sessions.

B. **Complete a variety of in-class activities** Students will be assessed on their
participation in practical class activities. The classes may build on movement
vocabulary in a number of ways, eg adding on to, quicker, more demanding as
well as having new movement phrases and exercises. The development of
contemporary dance is integral to this unit and students need to be given
opportunities to prepare, learn, develop and rehearse set movement sequences.
Students are encouraged to demonstrate independence in their learning and may
also lead other students in exercises, sequences and set studies.

C. **Creative Final Performance**: In collaboration with the lecturer, students create
their own dances, solos or collaborations of up to 3 students.

**Grading**
Each student will be evaluated at the level in which they have enrolled. Grades will be
based upon attendance, enthusiastic class participation, technical and performance
improvement, written and oral assignments, and a growing sense of professional
behavior appropriate to studio work and the level of the student.

Grading Criteria:

A. **Progress in technique**
   - technical skills (20%)
   - performance skills (20%)
   **40%**

B. **Attitude and concentration**
   **50%**

C. **Reflection**
   **10%**

*The attendance policy will be adhered to, and will affect the result of the above grading*
If a student is injured and unable to participate, they may attentively watch class and submit notes taken on class materials to the instructor (using the “Class Observation Form” provided). If a student is unable to take more than 6 classes due to injury, they will be advised to drop the course.

The professor will amend the syllabus as may be appropriate. Students will be made aware of any changes to assignments or grading policies.

Grades Available

A = 90 or above | B = 80-89 | C = 70-79 | D = 60-69 | F = 59 or below

COURSE POLICIES

In General:

Attendance Policies
Students are expected to arrive on time, ready to dance, and stay for the entire class session. Latecomers may not join in the class without permission from the instructor; instead, they will actively participate by watching the class, taking notes, and being responsible for class subject matter and assignments.

DANCE PROGRAM ATTENDANCE POLICY: More than 3 absences will significantly lower the grade. After 4 absences, each absence will lower the grade by a full letter. Three “tardies” equal an absence. Medically excused absences will be dealt with on an individual basis.

Active Participation Expectations
Students must be eager to both think and sweat at the same time. An alert body and mind are expected. Students are expected to actively participate in each class unless medically unable. Active participation is shaped by a particular mindset: motivated, open-minded, supportive, exploratory, and patient. This class will challenge your Learning Edge:

“Your Learning Edge is the balance between taking risks and taking care of yourself, the boundary of your discovery zone and your comfort zone. In your comfort zone, you don’t learn anything. When you take risks and move beyond where you are comfortable, you enter a discovery zone where this opportunity to learn. Learning happens by creating new experiences and failures in your discovery zone, and then reflecting upon and evaluating them in your comfort zone. You will not learn anything by spending all your time in either zone, and the dance back and forth is what I call your Learning Edge.” (Morgan Rich)

Health Statement
Please notify the instructor if there are any particular physical concerns that affect your ability to dance. An Acknowledgment of Risk/Medical Consent Form must be completed and submitted to the instructor on the first day of class.

There is only one way you can do badly in this class – fail to show up. If you don’t come
to class you aren’t just letting yourself down you are letting your classmates down too. If you miss even one class session, you may be excluded from further training, as you are now a safety liability.

**Helpful Resources:**

I encourage you to ask me questions about the class and to ask for clarification at any time. Please ask for help even though you are not sure you need it.

One of the best resources on campus is the TRiO Student Support Services (SSS) office, which provides tutoring and a range of other opportunities to eligible students. The contact number for TRiO SSS is 235-7487.

**Studio Etiquette:**

Our studio space is sacred. To that end, you must leave your other worries and life preoccupations at the door. Do not bring them in this place where we will work carefully to create fights for the stage.

- Smartphones and the constant invasion of the virtual world upon all aspects of our life are my nemesis and most hated foe. Our class will be a cellphone-free zone – **you will turn off your phones and put them with your belongings in a cubby hole as you arrive and take touch them again only when class is concluded.** Fear not. I promise your texts and facebook notifications will be waiting for you one hour and fifteen minutes later.
- No food or drink (other than water) can be consumed in the studio. No food or drink (other than water) can be consumed in the studio.
- Respect one another at all times. Any disrespect of your classmates will not be tolerated and result in your ejection from class for the day (which will then count as an absence, effecting your grade). The work we do is collaborative, if any of us feel uncomfortable; none of us can achieve excellence.
- Be aware of your body’s limitations. Sometimes I will ask you to do strenuous physical activity, if you suffer from palpitations, consumption, or tennis elbow, I need to know.

**Emails:**

Communicating with students is my top priority. If I have not responded to your message in twenty-four hours, please email me again.

Please email me from one address only. This will help me to sort and manage my emails effectively.

Please check your hawaii.edu account on a regular basis. I will send email announcements to that account only. Instructions on forwarding your hawaii.edu account are here: http://windward.hawaii.edu/technology/Forwarding_UH_GMail.pdf.

Please write grammatically correct emails, using complete words and full sentences (no shorthand, such as “where r u now”). Start with a greeting (Aloha Bob, Dear Mr. Smith, or Hi Lance), and end with a signature (Thank you, Sincerely, or just your name). Get in the habit of writing professionally. This will benefit you greatly in life.

If you have any problems or last minute emergencies, email me or leave a voice mail on my phone.
DISABILITIES ACCOMMODATION STATEMENT

If you have a physical, sensory, health, cognitive, or mental health disability that could limit your ability to fully participate in this class, you are encouraged to contact the Disability Specialist Counselor to discuss reasonable accommodations that will help you succeed in this class. Jodi Asato can be reached at 8082357472, jodiaka@hawaii.edu, or you may stop by Hale Koko’o 105 for more information.

Please Note: This course takes a tactile teaching approach. Tactile teaching involves hands-on correction by the instructor, and is a valuable teaching aid in assisting the student in understanding aspects of proper alignment, placement and movement concepts during class. Physical contact may range from simple touch to correct alignment to relaxation massage. Students may also be asked to experiment with exercises that involve weight exchange. If this makes you uncomfortable, please notify the professor and appropriate modifications will be made.
