Recommended Preparation: PSY 100

This is an online, asynchronous class. It will be conducted via the internet using Lulima, the University of Hawai'i's web-based course management and Revel (software accompanying the text). This course requires you to have a computer, internet access, and the use of your hawaii.edu email account. The course cannot be completed using a smart phone or tablet. Please note, there are computers in the library for students to utilize on campus if needed.

### **STUDENT LEARNING OUTCOMES**

As a result of taking this course, students can expect to attain the following outcomes:

1. Compare and contrast the various theories of human development and behavior.
2. Describe biological, cognitive, and psychosocial development for each life-span period.
3. Investigate the existence of similarities, differences, and uniqueness in human development among individuals and their culture.

4. Apply human development theories and concepts to personal, social, educational, and occupational experiences.

## COURSE TASKS

This is an 8 week class, so the reading will be greater and the work pace will be faster than a full semester class. We will cover one of each 8 developmental stages of life from our text per week. Each part may include 2-3 chapters. **Please check our class site on Lulima every Monday** (at least) for any additional assignments, information, or updates. As this is an asynchronous class, you will be responsible for managing your time and submitting assignments when due.

Asynchronous classes require a great deal of organization and independent regulation. If this is becoming overwhelming, please reach out to me and/or our campus services to assist you in getting back on track.

### **REVEL Text Readings/Assignments/Quizzes (500 pts; 50% of your grade)**

As part of the etext for this class, you will be required to access and complete the accompanying Revel assignments including concept checks, module quizzes, and chapter quizzes. In addition, you will create a Virtual Child and Virtual Life as you go through the stages of development in the text. All of these assignments will gain points for the parts 1-8 of the text. The points will convert to a percentage. You will be able to see your scores/points in Revel as you go along. That will be what will be entered as your grade for each of the 8 parts respectively. You can expect the following possible points:

Module Quizzes: 3 pts. per question

Video Quizzes: 3 pts total

Chapter Quizzes: 5 pts. per question

Concept Checks: 1 pt. per questions

My Virtual Life: 50 pts per stage

The quizzes allow for up to 3 tries, with one less point for each additional try. All assignments will be published and accessible 2 weeks before the due dates. You are welcome to work ahead.

***However, late work will not be accepted.***

### **Cultural Connections Project (200 pts; 20% of your grade)**

This project will take you out into the community and connect you with this place and its stories. A list of activities to choose from will be provided. A one page reflection form will be filled out after the experience and must include at least two pictures of you during the activity.

### **Autobiographical Video Project (200 pts; 20% of your grade)**

Each student will create their own autobiographical video with a slidedeck. The slides will cover the eight stages of life included in the textbook. Each section will feature two photos (preferably of the student or family members) with a voice over including each developmental domain based on information learned in the lecture or textbook and recorded in a graphic organizer as well as personal connections.

### **Final Exam on Lulima (100 pts; 10% of your grade)**

The exam will cover chapters 1-19 in your textbook and must be submitted by 12/15/23 by noon.

*Note: This course space is being shared by students in the following CRNs [61396, 61397] and if you do not wish to be in a shared course space, please drop this section and register for another section or alternate course.*

### Extra credit:

There will be opportunities to earn extra credit in this class in the following ways:

1. Choose from a list of writing prompts I will provide. Write 2-3 pages (double spaced) and take the draft to the WCC Ka Piko writing lab to work on writing skills. You must submit your original writing and the final draft. Also, the tutor must email me to verify this work was done in the writing lab.
2. Utilize the WCC Kumuola Lounge (Hale 'Akoakua 116B) for a total of 3 hours, beginning with an intake interview/talk story with Kahoku Baker Calventas, the Kumuola Grant Coordinator. She can assist you with identifying any challenges you may be having and connect you with resources. She can also help with career counseling and UH pathway options. You can make an appointment with her by calling 462-4797 or emailing Kahoku at [ebaker@hawaii.edu](mailto:ebaker@hawaii.edu). Kahoku must email me to verify the time spent with her and the outcome.
3. Volunteer at a family engagement event, family resource center, or in a childcare center/preschool for 3 hours and write a 1-2 page reflection. Participation will be verified with the program staff. This **MUST BE** pre-approved by me and we will work out the details together. If you need suggestions, I am happy to provide some.

You may do 2 out of the 3 and each is worth 50 extra credit points.
