CATALOG DESCRIPTION

Basic principles of performance; relevant problems in literature. Student learns to play two slack key tunings. This course is intended for students with little or no background in this style of guitar playing. Ability to read music is not required. This class may be repeated for up to 6 credits.

STUDENT LEARNING OUTCOMES

As a result of taking this course, students can expect to attain the following outcomes:

1. Demonstrate knowledge of the history of slack key guitar development.
2. Apply knowledge of basic concepts in accurate performances.
3. Use knowledge of slack key techniques and music concepts (music theory) to complete video recordings of song performances.

4. Learn and demonstrate professional performance practices.

COURSE TASKS

1. Assignments: Students will be required to turn in weekly assignments (via Lulima and Flipgrid). Due dates for all assignments will be specified by the instructor. Being that assignments are set up to help you to move forward with the course content, late work will not be accepted.

2. Recordings: You will be required to record yourself playing the songs learned in class. These recordings are different than the ones you will do for assignments because these will be used as a type of exam to test the outcome of the instruction received (summative). The recordings for assignments are used to help the instructor understand where students are struggling to inform instruction.
