WINDWARD COMMUNITY COLLEGE MISSION STATEMENT

Windward Community College offers innovative programs in the arts and sciences and opportunities to gain knowledge and understanding of Hawai'i and its unique heritage. With a special commitment to support the access and educational needs of Native Hawaiians, we provide the Ko'olau region of O'ahu and beyond with liberal arts, career and lifelong learning in a supportive and challenging environment — inspiring students to excellence.

STUDENT LEARNING OUTCOMES

The basic concepts of rhythm, melody and harmony will be explored, with the goal of applying these concepts individually as musicians. You will learn:

- ❖ To read and notate music
- ❖ To understand the rudiments of music theory and terminology
- ❖ To recognize and reproduce rhythm, melody, and harmony
- ❖ To develop essential musical skills through ear-training and sight-singing
- ❖ To deepen understanding of all music, not just western, through knowledge of its theoretical workings

COURSE CONTENT

You will study technical exercises, scales and arpeggios, and repertoire as assigned by the instructor. Specific goals for each term must be achieved in order to receive a satisfactory grade.

COURSE TASKS

1. *Apply Piano Techniques to musical compositions*

Every time you read a piece of music for the first time without any practice, you are sight-reading. The key to sight-reading is to **KEEP GOING! DO NOT STOP!** Once you stop and go over a part again, it is not sight-reading anymore. You are now practicing. You **will** make mistakes. It is not meant to be perfect. You are trying to catch as many notes and symbols as possible.

2. *Attendance*

The nature of this course requires you to attend every class session.

In the event that you are absent, it is your responsibility to make sure you schedule another time to meet.

ASSESSMENT TASKS AND GRADING

Grades will be assigned in the following manner:

Attendance	50%
Preparation	50%
TOTAL	100%

LEARNING RESOURCES

Required: Resources will be available to you by the instructor.

Practice Hints:

- a. Prepare to play a piece by scanning it through with your eyes for note and rhythm patterns.
- b. Practice SLOWLY and ACCURATELY; learn hands separately. Once you're ready, put the hands together, still going SLOWLY and ACCURATELY.
- c. Don't **allow** yourself to make mistakes. Play only when you are ready.
- d. Don't play the wrong note, then right note in sequence more than once, because that is the pattern you will learn.
- e. Don't play pieces straight through every time. That is not practicing. That is performing. You are only hoping that you will play it right the next time. Try these alternatives:
 - Practice one measure + one note.
 - Isolate the problem. Find the section in the music that is giving you the most difficulty and start your practice from there. Only move on to another section if you are satisfied with what you just did.
- f. COUNT ALOUD! It works!!!
- g. Consistent practice is what will lead to success.
- h. Most of all, have fun!
