Windward Community College offers innovative programs in the arts and sciences and opportunities to gain knowledge and understanding of Hawai‘i and its unique heritage. With a special commitment to support the access and educational needs of Native Hawaiians, we provide the Ko‘olau region of O‘ahu and beyond with liberal arts, career and lifelong learning in a supportive and challenging environment — inspiring students to excellence.

‘Āina

Windward Community College is located in the ahupua‘a of Kāne‘ohe and He‘e‘ia in the moku of Ko‘olaupoko on the island of O‘ahu. Both ahupua‘a are directly connected to the mo‘o ‘ōlelo of Pāpa and Wākea, who are seen as the ancestors of the Hawaiian nation. The campus sits beneath the pu‘u of Keahiakahoe, which is also connected to many mo‘o ‘ōlelo of this ‘āina. Because wind names and rain names are associated with specific ‘āina, the rain name of Kāne‘ohe is known as the ‘Āpuakea and the rain name of He‘e‘ia is the Ulumano.

A letter grade for Math 75X will be assigned according to the level of achievement as provided below:

- A = 90%-100%
- B = 80%-89%
- C = 70%-79%
- D = 60%-69%
- F = 0%-59%

W Official Withdrawal

I Incomplete

Note: CR/NC grades require written instructor consent. Students must apply for CR/NC grading option at the WCC Admissions Office by the posted deadline.

Note: The W grade is given only when the student officially withdraws from the course by the posted deadline.

Note: The I grade is a temporary grade given at the instructor's discretion when a student has failed to complete a small part of a course because of circumstances beyond his or her control. A student may qualify for the I grade if (a) they are unable to take the final exam and (b) taking the final exam could possibly raise their course grade.

Course Format and Assignments

Classroom: Each class period will consist of roughly 45 minutes to 1 hour of lecture on course material, followed by a group worksheet to be completed by the end of the class period. The worksheet will count as attendance for that day. This format changes on quiz days, which will consist of a timed quiz (45 minutes) followed by lecture on new material.

Attendance: Students are expected to attend each class meeting. Absences in case of emergency or unavoidable situations will be excused with proper documentation. If you miss a lecture, you are responsible for keeping up with the course material.

Final Project: Details about the final project will be posted on Lamaku, roughly half-way through the semester. This project will involve applying various mathematical concepts, including ratios, percentages, unit conversions, and algebraic problem-solving that you will learn throughout this course. Your submission should clearly demonstrate your understanding of the course topics and learning outcomes.

Homework: Computer based homework is due through the MLM program. Homework will be due every Sunday at 11:59pm. The homework exercises will consist of problems from the textbook on the material that we go over in lecture. There will be a 5% grade deduction **per day** for problems submitted after the due date. You have unlimited attempts at homework problems and your highest score will be saved.

Quizzes: There will be 8 quizzes throughout the semester, which will cover the material from the textbook - two quizzes for each chapter. The two lowest quiz scores will be dropped. Please see the course schedule on page 5 of this syllabus for the exact dates for each quiz.

Missed Assignment Policy: Makeup quizzes will not be allowed unless for dire emergency situations. Conflicts arising from work, social obligations, or from personal travel plans do not qualify as excused absences. By registering for this course, you are agreeing to attend class at the scheduled time and take all quizzes/exams at the scheduled times.

All course activity due dates are listed in Pearson MyLab Math and on the Course Schedule below. Please check your UH email often and set your [Lamakū Notifications](#) (both email and D2L Brightspace [Pulse App](#)) to receive course notices, such as grading updates, announcements, and activity reminders.
